Courrege charged, \$40 kickback involved

BY DENA BISNETTE
Former Hancock County Beat One Supervisor Bert Courrege has been charged with one count of mail fraud in the Federal Bureau of Investigation's "Operation Pretense."

According to a spokesperson for the office of U.S. Attorney

BERT COURREGE

George Phillips in Jackson, Courrege is accused of accepting a \$40 kickback from Davis Chemical of Jackson.

The former supervisor was charged in a one-count information, which like an indictment is a formal accusation charging the defendant with a particular crime.

However, the information is issued by a U.S. Attorney rather than by a Grand Jury and can also apply to defendants who have waived indictment. The information was released Tuesday, the spokesperson said.

She could not confirm Wednesday whether Courrege had waived indictment.

The kickback was reportedly involved in a purchase of weed killer from Davis Chemical, a firm which has been cited in the indictments of other Hancock County Supervisors.

Carey Varnado, a Hattiesburg attorney who has represented Courrege in the past, would not confirm the report

Wednesday but said in a telephone interview that he "would represent Bert Courrege if that happens."

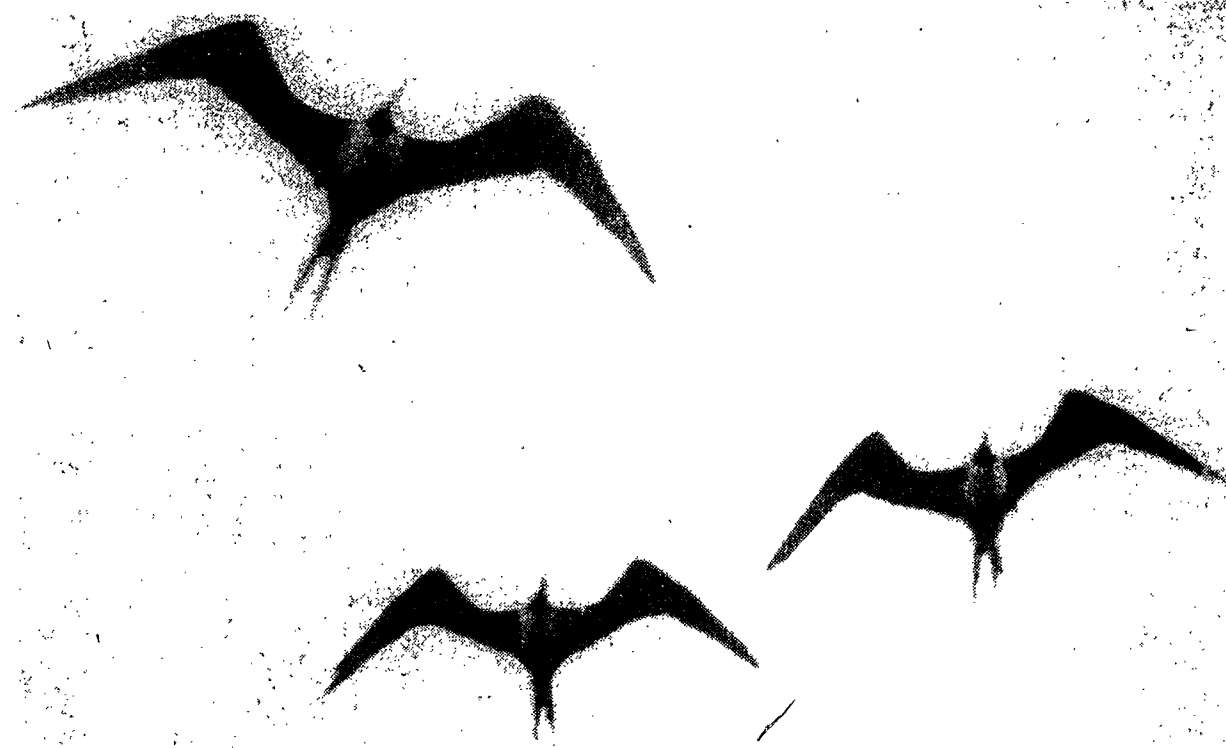

A court date for the initial appearance has not been set. The maximum penalty for the charge is five years in prison or a fine of \$250,000.

Three of the other four supervisors who served with Courrege have also been charged in Operation Pretense.

Sam Perniciaro, former Beat Four supervisor, was the first to be indicted. He has been convicted, has resigned from his post and has agreed not to run for public office again, as has former Beat Three Supervisor Roger Dale Ladner, who resigned last week.

James Travirca, who had been supervisor of Beat Five until his defeat in last year's election, entered a guilty plea in a plea bargaining arrangement in May and has agreed never to seek public office again.

All three await sentencing.

AMONG THE FIRST to seek shelter when severe tropical weather threatens the Mississippi Gulf Coast are magnificent frigatebirds (*Fregata magnificens*), usually found on the Chandeleur Islands as well as the Florida Keys and other tropical, coastal areas. The birds arrived Sunday along mainland Hancock County, harbingers of the strong winds, heavy rains and pounding surf of Tropical Storm Beryl which battered the Mississippi Coast Monday and Tuesday. Coastal Indians likely used the birds' appearance to forecast hurricanes. Also known as men-o-war, frigates have the greatest wing span-to-body weight ratio of any bird, and are considered champion soars of the bird world. Because they have no protective oil on their feathers, they will drown if they land on water. Several of these feathered storm forecasters continued to soar over the coastline late Wednesday afternoon. (Echo staff photo by D.C. Harvill)

Beryl results in evacuations

BY DENA BISNETTE
About 50 Hancock Countians had to be evacuated from their homes Monday night and early Tuesday morning as a result of Tropical Storm Beryl.

Many people in Shoreline Park and Garden Isles, the areas hit hardest by the high water, parked their vehicles on high ground along Highway 603 Monday night and left their homes voluntarily.

However, the Hancock County Sheriff's Department and county workers helped another 40 to 50 evacuate, Sheriff Ronald Peterson said.

"Most of the people took it on their own to leave when the

threat of storm appeared," he said, explaining that those who needed help to leave had either waited too long to get out on their own or had not felt it would be necessary to go.

Peterson said one elderly woman was evacuated from Shoreline Park about 6 a.m. Tuesday morning because she was suffering chest pains. She was taken to Hancock Medical Center.

He said another woman who was evacuated told the deputy assisting her that she had lived in the area only six months and would have left had she known how high the water might get.

"People who have lived there for some time become accustomed to taking care of it on their own," the sheriff said. "They know how high the water gets and they get out before it's too high."

Some of the people were brought out of flooded areas in county dump trucks, used because the wheels and undercarriage are higher than in a conventional vehicle. Four-wheel-drive vehicles were also used.

County Maintenance Superintendent Bill Johnson said he had split his crew in order to have men working through the

night Monday and to have personnel on standby Tuesday night.

He stationed dump trucks in Pearlinton and at the county's south maintenance barn in Lakeshore to handle calls on wash-outs, evacuations and assist the civil defense and sheriff's departments.

Two workers stayed at the central maintenance barn in

Kiln, which is actually north of the area where all the problems were occurring, to take telephone calls and keep radio communications open.

Waters had begun to recede by Tuesday, but Johnson continued to keep trucks on standby at Central Avenue and 603 and Lagan Street and 603 in Shoreline Park, as well as in

Contract for school clearing goes to second lowest bidder

BY D.C. HARVILL

The contract for clearing work at the site of the new Hancock County High School being built at Stennis Airpark, due to extenuating circumstances, has been awarded to the second lowest bidder, R & S Construction of Bay St. Louis at \$27,032.

The lowest bid for the project, \$24,950, by Louis Stockstill of Picayune was rejected because the bid did not contain a performance bond as specified by the bid advertisement. Instead of a bond the bid contained a certified check in the amount the bond would have been.

Stockstill informed the board that under state law a performance bond is not required for a bid of under \$25,000, and the board would not have to pay him until after the job was completed.

Board Attorney Joseph Gex verified the existence of the law, but informed the board that he had spoken with the Attorney General, who recommended that the board not accept the bid.

Superintendent Terrell Randolph said, he would have liked saving money by going with the lowest bidder, but under the circumstances he thought the board made the right decision.

Randolph added that the decision was in the school district's best interest because a performance bond guarantees the job will be completed as specified.

If a contractor fails to complete a job as required the bonding company pays for any work necessary to bring the work to specifications.

Meetings rescheduled

BY DENA BISNETTE

Inclement weather Monday and Tuesday forced postponement of several public meetings, most of which have been rescheduled.

The Bay St. Louis-Waveland School Board has moved its meeting to 7 p.m. Thursday. Among the items on the agenda is a request for a contract time extension from Starks Construction, a firm renovating Bay Junior High School. If approved, the extension could delay the opening of the junior high for the new school term.

A public hearing by the Blue Ribbon Commission on Public Trust Tideland has been rescheduled for Aug. 23. A time has not been set. The meeting

time has not been set.

The hearing, which is designed to collect public input for policies on public trust tidelands, is expected to be conducted in its originally scheduled location, the courtroom of the Hancock County Courthouse.

Due to the need to inspect the county roads and seawall for storm damage, a joint meeting of the Hancock County Board of Supervisors and the Pearl River County Board of Supervisors expected to be conducted Wednesday morning will also be rescheduled.

The two boards were supposed to discuss mutual problems with garbage disposals and landfill space.

Warning signs on the barge washed ashore at Henderson Point indicate it may contain hazardous material. (Echo staff photo by D.C. Harvill)

Duke re-elected to Lung Association

Mrs. Elda Duke of Waveland has been re-elected to serve a three-year term as a member of the Mississippi Lung Association board of directors.

The announcement was made by G. Boyd Shaw, MD of Jackson, MLA board president.

"The Mississippi Lung Association is proud to have Mrs. Duke continue to serve on the 27-member volunteer board of directors," Shaw said. The board directs program and policy of the Mississippi Lung Association to prevent and control lung diseases through patient services, medical research and public and professional education programs.

Mrs. Duke received the 1985 MLA Distinguished Service award for outstanding volunteer service.

Slidell Memorial Hospital initiates smoke-free policy

Based on the recommendation of the Slidell Memorial Hospital and Medical Center Employee Activities Committee and with the support of SMH employees and physicians, a new policy has been established to provide a Smoke-Free environment at SMH.

Smoking allowed in two designated areas of the hospital: a specified section of the Cafeteria and in the Second Floor Canteen.

An eight-week "Breathe Free" program will go into effect immediately to educate employees on the effects of smoking and will include support programs for employees wishing to "kick the habit."

Hospital Administrator Bob Atkinson congratulated SMH staff and physicians for taking such initiative.

"It was good to see such interest and support from our dedicated staff and physicians to spearhead this effort, which will allow us to continue to stay on the pioneering edge of health care services," said Atkinson.

Ann Victor, southeast area director of the American Cancer Society, stated that Slidell Memorial Hospital and Medical Center is the first medical facility in the north lake area to "take the initiative to make a difference in the health of their employees and their community."

"It's important for health care professionals and institutions to recognize the dangers associated with smoking—not only to the smoker but to those around them as well," said Victor.

St. Ann Church News

By Virginia Thomas
A thought for meditation from our pastor Father Lambert Stack, ST.

"May He support us all the days long, till the shades lengthen and the evening comes, and the busy world is hushed and the fever of life is over and our work is done. Then in His mercy may He give us a safe lodging and a holy rest and peace at last."

—Cardinal Newman.
The 8:30 a.m. Mass Monday, Aug. 15 at St. Ann Church is

being offered in honor of the Assumption of the Blessed Virgin Mary into heaven.

St. Ann-St. John Altar Society will meet 11 a.m. Wednesday, Aug. 24 in the parish hall for their regular monthly meeting.

The monthly luncheon sponsored by the Altar Society will be Wednesday, Aug. 24 in the parish hall at noon.

Following at 1 p.m. will be an afternoon of games sponsored by the ladies. Everyone is invited.

Whew! and Hurrah and all that! The sun is shining again, after the days of deluge, and tropical storm Beryl, exercising her feminine prerogative, has wended her way elsewhere, without developing into a hurricane, thank Heaven.

I wonder how many of us, veterans of past coastal storms, spent at least part of our "waiting-it-out" time cooking up special contents of freezer and refrigerator, mindful of past losses when storms interrupted power service - I know that I did!

Since I prefer fresh instead of frozen shrimp and vegetables and such, it wasn't too much of a chore, so then I started trying out a few recipes, using the fresh vegetables on hand - and enjoyed a gem, thanks to my delightful cousin, Helen (Currie) Caire.

Helen, as talented in the kitchen as at her weaver's loom, had recently introduced my taste buds to still another of her many specialties, zucchini bread.

Zucchini is one of the favorites among the summer squash family, and so versatile also. I like it sliced thinner than thin, with a tangy dip, on the cocktail table. I like it in salad or steamed or sauteed in butter, or in a casserole and so on and on. And I really like it in:

HELEN CAIRE'S ZUCCHINI BREAD

- 3 eggs
- 2 cups sugar
- 1 cup vegetable oil
- 2 cups grated zucchini
- 1 Tbsp. vanilla
- 3 cups flour
- 1 tsp. salt
- 1 tsp. baking powder
- 2 tsp. cinnamon
- 1 tsp. allspice
- 2 cups nuts

Beat the eggs, sugar, oil and vanilla together. Add the zucchini and the dry ingredients, stirring well. Next, add the nuts of your choice, chopped as you like.

In two greased bread pans,

bake in a 350 degree oven for an hour, or until done - and enjoy! This is delicious, sliced thin, at teatime, also excellent for tea sandwiches or other sandwiches, and good with lunch, dinner or supper, as your choice may be.

(Note: I suppose that I may as well confess that I, all by myself, ate at least half a loaf while sipping three or four cups of tea, at the height of the driving winds and rains!)

(Copyright, 1988, Katharine D.M. Caire)

Quotables by CUEVAS

There were many sighs of relief when tropical storm Beryl went ashore and broke up.

Even with the minor storms there appeared to have been quiet a bit of damage, especially to trees in the area.

Many residents were talking about the amount of debris in their yards. And cleanup is a problem because of the four days of almost continuous rain.

We know several homes in the lower elevations had water in their yards with some having water inside. Beach Boulevard took a continuous beating from the waves and high tides with the road having to be closed in several sections.

Our power company's crewmen were kept busy, especially on Monday night because of outages. Our lights were out at the office for about four hours.

All in all, the storm could have been more serious, but it impressed residents with the importance of making proper preparations in case we get a stronger one.

One does not really know the importance of things we take for granted on a daily basis until we are without them.

We can recall a lack of electricity, food, drinking water, household and auto gas as examples in the aftermath of Hurricane Camille.

It was tough going for a couple of weeks after the big storm. Those who went through the ordeal know the problems.

All residents should make proper preparations in case we have a storm. If you have any questions about preparations, the Civil Defense Office located behind the Hancock County Courthouse is the place to get this information.

We hope it will be a long time before we have another big storm, but also hope everyone will be prepared just in case.

One of the improvements we noted during the recent rains was how water was not standing on Main Street in Bay St. Louis, especially the 300 and 400 blocks.

We can remember when water would cover the street just from a small shower.

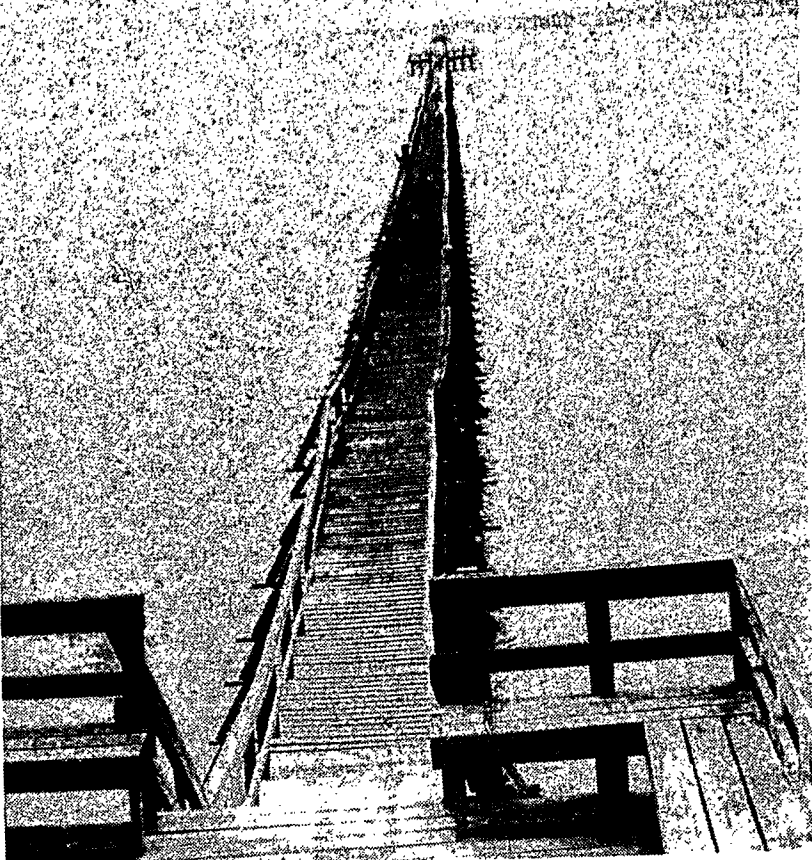

The recent drainage improvements have really helped the situation.

A NAACP Voter's Rally is scheduled for Friday from 6 to 9 p.m. at the Martin Luther King Park, Washington Street, Bay St. Louis.

I talked to Geraldine Lang, president of the Concerned Citizens Organization of Hancock County on Wednesday, who said her organization is also working with the NAACP in preparing for the rally.

One of the primary reasons for the Voter Rally, is to make more people aware of the importance of registering to vote.

We have had several elections in our area in recent years which were settled by one vote, so it is important for everyone to be registered to vote.

POPULAR SPOT—The Ulman Avenue Pier in Bay St. Louis is a popular fishing pier. Speckled trout, flounder, croakers, drum, channel mullet and white trout are popular catches. Several fishermen also catch mullet with cast nets off the pier in the center of Bay St. Louis. The city is currently in the process of upgrading the beach at the pier. The People's Business

A Weekly Editorial
From Mississippi Economic Council

What kind of government do we want?

Just over 200 years ago, at the time of the nation's Declaration of Independence, John Adams wrote to his wife:

"Yesterday the greatest question was decided which ever was debated if America, and a greater perhaps never was, nor will be, decided among men."

The question before the Mississippi Legislature this week may not have the same impact on us as did the decision for independence just over two centuries ago, but the question facing legislators is surely one of the most important questions ever debated in this state.

Those who oppose reform of the county beat system claim that Mississippians are satisfied, that Mississippians at the grass roots are not interested in better government and better use of tax dollars.

Those who support the effort to move Mississippi's counties from the beat system of the 1890s to the unit system of today believe that Mississippians do, indeed, want more for their money.

If legislators, who will make the decision over the next few days, are seriously interested in finding the answer as to the kind of county government Mississippians want, they will want to consider these recent historical events:

1. Our "system" of county government permitted untrained sheriffs to serve as county tax collectors until 20 years ago, giving little attention and less thought to expanding problems of law enforcement. It was the people, under the leadership of the Mississippi Economic Council, who demanded change. The people separated the duties of sheriff and tax collector, provided for mandatory training for county law enforcement officers, and required uniformed officers and marked vehicles. These improvements in county law enforcement did not originate with county government; they originated with the people.

2. Our "system" of county government permitted county supervisors to use public lands (16th section lands) as private treaties, handing out under-priced leases to the favored few at the expense of the schoolchildren of the counties. Sixteenth section lands, set aside for the benefit of schools, were being passed out, in some cases, for pennies per acre when the leases were under the control of county supervisors. The door was shut on such preferential treatment only after the people, through the Mississippi Economic Council, demanded an end to the favoritism. To their credit, a group of state senators and, now, the Secretary of State, rallied to the cry for reform. It was not county government that originated the change; reform came from the people.

3. Our "system" permitted county officials to close their

eyes to the unfair property tax treatment of some citizens while others received special favors. Finally, a group of citizens spent some \$150,000 in a lawsuit to force fairness and equity. In its ruling, the court said it found preferential tax practices in the counties "shocking." It was not county government that originated the change; reform came from the people.

4. Our "system" according to at least four legislative studies, allows the waste of millions of dollars of tax money paid into county coffers by citizens who deserve better government. In this case, too many county officials continue to resist the change from the wasteful, duplicative beat system, to the more efficient unit system. The cry for change, again, comes not from county officials but from the people.

What kind of local government do the people want in Mississippi?

The record is clear.

They want government that provides needed governmental services, that responds to all citizens on the basis of equity and fairness, that makes best and most efficient use of tax dollars.

Legislators heading back to Jackson for a special session should hear that message loudly and clearly.

Mississippi Reporting Service

Special Session Preview

By Kevin D. Jones
Gov. Ray Mabus announced that the special legislative session which began Aug. 10 will cover only the county unit system, and not government reorganization, as he had hinted earlier.

The session will begin at 9:30 a.m. with a subcommittee meeting of Rep. H. L. "Sonny" Merideth's County Affairs, followed by a meeting of the full committee. Knowledgeable people are saying that there is a strong chance that Merideth's committee will handle the bill quickly and report the unit system to the full House. If the House takes the initiative, then it's likely that the Senate will consider anything the House passes.

With the session starting so late in the week, it's hard to tell whether there will be any action worth reporting for the week of Aug. 8-12. If there are any significant votes, we will report the votes of your senators and representatives as we usually do. If nothing substantive is accomplished the first week, we will report on the second week's activity. We will, as always, try to be as timely as possible, but special sessions are unpredictable; they can stretch longer and begin to cover more issues than originally planned.

New shelter would be Hancock County improvement

Aug. 9, 1988
To the Editor
Sea Coast Echo

Dear Editor,

When Thyla Rogers, a Bay St. Louis businesswoman and Pass Christian Isles resident, made her bid for the presidency of the Hancock County Humane Society at the February election, she promised us a new 'no-kill' shelter and 1,000 new members.

Joe Pilet and Kathleen Little, Thyla needs help. Perhaps you will be glad to donate to her shelter, as we learned the Humane Society members in Naperville, Ill. were glad to donate to their new shelter.

They collected for four years to get \$400,000 and are now collecting to pay off the mortgage.

We toured their fine facility and saw the fine dogs and cats they were offering for adoption.

They have a very high adoption rate there; they take in only the pets that people must give up for some reason or other.

Each animal is evaluated before admission; if it is still in the shelter after a few weeks, it is re-evaluated.

If it is not easily adoptable, they send it to the DuPage County Animal Shelter.

The Naperville animal control runs a place where strays are impounded. These animals do not go into the Naperville Humane Society shelter.

Perhaps you will give some thought to donating and collecting for Thyla's dream shelter here; I'm sure it would be a splendid improvement for Hancock County.

Yours truly,
Barbara Jo Fitch

The public facility user fee could be a creeping menace

Editor
The Sea Coast Echo

Dear Sir:

Our 'City Fathers' announced a user fee for the new memorial pier though nothing was so hinted when proposed or budgeted.

Such actions by public officials once again illustrate they can't be trusted to do right by the public—at least not all the time.

And the feeble excuse the fee will be used to give public pro-

tection and for maintenance is just that—feeble.

Police protection and maintenance is needed for all public buildings.

Since police protection and maintenance are also needed for playgrounds, will they be the next target for user fees?

Best regards,
Royce P. Kaupp

P.S. Will Bay St. Louis be next with user fees? Then the entire Coast?

Grin and Bear It

The attack on presidential candidate Dukakis by Vice President Bush, that he (Dukakis) is "dangerously inexperienced in defense and foreign policy matters," made me laugh.

How could one in the present administration point a finger at anyone with regard to foreign policy after the dangerous and bungled mess made in the arms deals with Iran and particularly after it was announced by the "chief executive" that there would be "no deals."

Think about it. No experience might prove a refreshing change over what has been.

And sorry to say, the president, too, let himself open to criticism when he referred to Gov. Dukakis as an "invalid."

"Shame on you, Gipper!" Our little-Greek God, perhaps a Uranus, is going to come out on top!

Your remark was juvenile. Second childhood, maybe?

And honestly, you have no room to make such a statement.

In your infrequent press conferences, it has been obvious to the point of embarrassment that age is taking its toll.

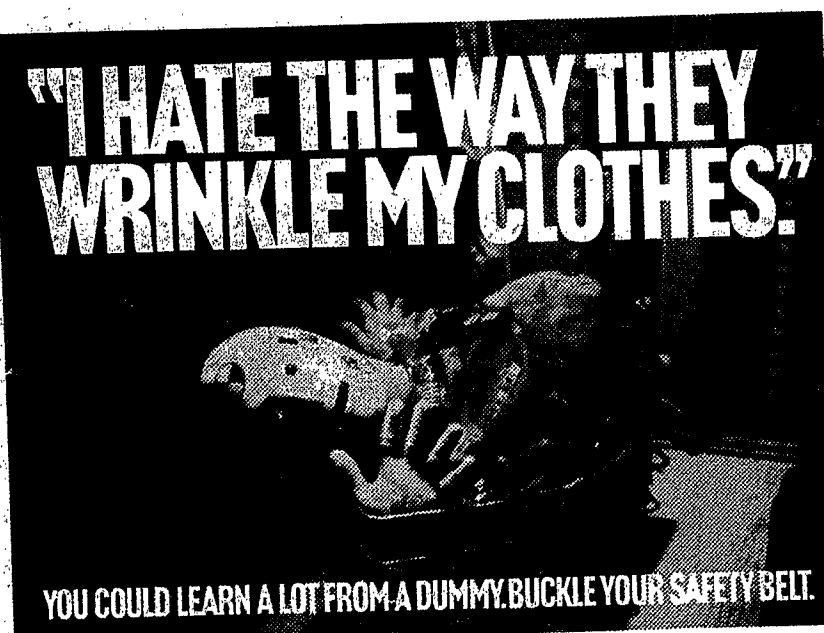

So frequently you've been at a loss for words and had to resort to shoulder shrugging and head shaking.

Then other times, what was said needed to be corrected by a White House spokesman via subsequent news release.

We all have to hang it up one day, Sir. I'm getting there also.

Meanwhile, just "grin and bear it" and try to say as little as possible.

Waveland seeking grant for recreation facilities

BY DENA BISNETTE
The Waveland Board of Aldermen is looking for grant money to fund a new city recreation park.

Bernard Tusa, president of Waveland Little League, has been discussing improvements at the existing Elwood Bourgeois Memorial Park with the board as well as the possibility of constructing a new complex.

Tusa also works with Bay Area Youth Soccer and has become interested in an additional soccer field.

He stated at a recent board meeting that his major interest in an additional baseball field at Bourgeois Park or another location lies in keeping the older boys, those who are 13 and 14 years old, in the Waveland recreation program.

Due to lack of another field with bases and outfields designed to the specifications for the 13 and 14 age division, boys who want to play must go over to Bay St. Louis to play at the Bay Senior High School facilities.

In addition, Waveland can not host many out-of-town teams for soccer tournaments due to lack of enough facilities to allow several games to be played at once, Tusa said.

In describing some of the tournaments in which his teams have participated, Tusa explained that not all tournaments are hosted by towns able to provide several fields in a single complex. Most can, however, provide several fields within a short distance from one another.

Mayor John Longo Jr. said the city has some more property at Bourgeois Park that might allow extension of a field designed for smaller children to the correct specifications for 13 and 14 year olds, and the present soccer field at the Waveland Civic Center on Coleman Avenue could be improved.

However, the city also has two pieces of undeveloped land that are already designated for recreational purposes and one of those might be used for a new facility. One is on Gulfside Drive, while the other is a piece of donated property on Waveland Avenue.

Longo favored the Gulfside location and has asked the city's engineering consultant, Ray Eaton, to look into possible grants to develop a soccer field, a baseball field or both.

Fire Chief David Garcia stated that he is not in favor of the Gulfside location due to its proximity to fire station #2 and the Waveland Regional Wastewater Management District's plant. He said he is concerned about the possible dangers these present to children using the recreational facilities as well as traffic problems on Gulfside that could slow down the department's response time.

The board's next regular meeting is scheduled for 7:30 p.m. Aug. 18 at Waveland City Hall. The aldermen also conduct workshops at 6 p.m. the Mondays prior to their meetings.

Commission to seeks payment, halts security for Bayou Cadet

BY D.C. HARVILL

The Hancock County Port and Harbor Commission, at their regular meeting Monday, decided to stop providing security at Bayou Cadet and to tell the group leasing facilities at the bayou to resume paying rent.

The county's docking facilities at the bayou had been under lease to the Hancock County Fisherman's Association, but they have not paid for the monthly lease since June.

The commission is partial responsible for the lack of payment because it is uncertain how much to charge for the lease, following refurbishment of the facilities, commissioner

Walter Beebe said.

The association had been paying \$150 for the lease and, until April, half of the \$2,000 a month security fee; the other half being paid by the county.

Director Harold Olsen said the county shouldn't pay for security on the property.

Commission attorney Robert Genin said, the county would have to collect a fee from the association or, "We'll have to open it up to everyone. You have to tell them they have to pay their rent."

In other business the commission authorized advertisement for bids on paving the parking lot at the facilities.

New federal rules to alter commercial driver license system

The State of Mississippi will be making changes in its commercial driver licensing system based on new federal rules which were announced recently by the U.S. Department of Transportation (DOT).

The new rules were issued by the DOT in response to a mandate from Congress to improve highway safety through a nationally uniform system for testing and licensing the drivers of large trucks and buses according to the specific type of vehicle to be driven.

Mississippi has been actively participating in the development and implementation of this "one driver's license-one driver's record" program, according to Capt. Ron Ford, director of the Mississippi Highway Patrol's Field Operations Division in the Driver Services Bureau.

"Our participation in the national commercial driver license (CDL) program has included the appointment of a coordinator, involvement on several national committees, and support of the American Association of Motor Vehicle Administrators (AAMVA), which is coordinating the licensing program nationwide," Ford said.

Under the national CDL program, each state will be responsible for administering its own commercial licensing system, which includes testing the license applicant in both knowledge and skill, as well as issuing the drivers' licenses containing the special commercial license designation.

Mississippi is working with other states through AAMVA to develop model legislation, manuals and tests, and an information network to exchange commercial driver records with other states and to initiate appropriate enforcement of the new law.

"The Mississippi Legislature must make necessary changes to existing laws before the Department of Public Safety can implement the federally mandated commercial licensing program. We hope this will be addressed during the 1989 session to enable this agency to begin issuing commercial license under the new concept in the summer or late fall of next year."

"Through the national commercial driver's license program, the Highway Patrol will help to ensure the residents and motorists of Mississippi that holders of commercial drivers' licenses on our highways are knowledgeable, well-skilled and professional," Ford added.

Pearlington and Bayou Phillips. In addition, he said crews were continuing to check Heron Bay Subdivision in Ansley on a regular basis.

Among the calls for which the sheriff's department used the maintenance crew's assistance was one at 6 a.m. Tuesday, in which newspaper carrier became stranded in a vehicle on Beach Road near Lakeshore Road. Peterson said the car the carrier was driving had started to float.

Beat Two Supervisor and Board President Ronald Cuevas said he had only one flooded road, Riverside Drive, in the Pearlinton area, and the sheriff reported some assisted evacuations in Pearlinton.

Peterson said most of the people evacuated went to the homes of friends or relatives.

However, Cuevas said the county opened the Hancock County Fairgrounds Building off Longfellow Drive to provide some of the people from the Shoreline Park area with "a place to get out of the rain." About 10 people stayed there.

The north end of Beach Road had to be shut off because water came over the seawall, Beat Five Supervisor Mike Ladner stated. He said there are no lights in the section north of Dunbar Avenue and people could not tell how high the water was.

Cuevas said he expected most of the damage to be along the Beach Road, most of which was covered by water at some point in the storm.

He said water was too high to tell right away, but "It looks like the seawall caught the worst of

it." County Engineer Larry Seal scheduled his inspections for Wednesday to give water time to go down before he began assessing damages.

While it was still raining Monday afternoon, Johnson tried to check a piece of the road near Farrar Street where pavement put down a couple of years ago in a repair project was peeling off the old blacktop under it.

As he stood in the center of the road with waves coming up around his feet, he commented that people passing him should not be driving their cars through the salt water.

Ladner praised the county workers who stayed out in the storm to work.

"They were all out 'til about midnight. They did a really outstanding job and showed that they were very dedicated. We couldn't make them go home," he said.

The county was not the only place where the weather presented problems.

There were scattered power outages due to wind, one of which occurred at the Bay St. Louis Police Department while dispatchers were trying to cope with a downed radio tower.

Ethel Mae Thompson, who was on duty at the time, said she and another dispatcher, Gwen Robertson, were sitting in her office a few minutes before 3 p.m. Monday when they heard a crash so loud that a clerk, Beverly Lee, heard it from her office down the hall.

The radio went out at the same time.

The three found that the communications tower had been blown down and was leaning against the station building at a 45-degree angle.

The radio was out for about an hour before a technician was available to rig a temporary antenna.

Thompson said she expects to have to work with the temporary antenna at least until the end of the week.

"It sounds terrible. It sounds like it's raining in here every time you key up," she said.

The lights began to flicker at about 6:30 p.m., then went out

State Street man charged

BY DENA BISNETTE
A Bay St. Louis Police investigation has led to the arrest of a State Street man on a burglary

charge. Detective Tom Burleson said Charles Ray Peters, 23, of 347 State St., Bay St. Louis, was

arrested Monday and charged with one count of burglary.

According to Burleson, the arrest resulted from an investigation of a June 25 burglary at a house in the same neighborhood as Peters' residence.

A Winchester 270 rifle was recovered.

Burleson said bond for Peters was set at \$5,000.

State agency, Wal-Mart support 'Buy America'

The Mississippi Department of Economic Development announced that it is working with Wal-Mart's U.S.A. Division in the expansion of Wal-Mart's "Buy America Program."

Wal-Mart encourages its buyers to target specific items that have been purchased from foreign sources and try to locate American sources for those items.

Wal-Mart is engaging in Cooperative efforts with state economic development agencies in its search for American suppliers.

MDED will be working with Wal-Mart's U.S.A. Division to match Mississippi manufacturers with products currently being manufactured overseas such as garden tools, ceramic bathroom accessories, ceiling fan light kits, or sports and garment bags.

MDED's Existing Business Services staff will be identifying and contacting possible Mississippi suppliers. MDED will then serve as a liaison between Wal-Mart and the Mississippi companies.

Paving project costs higher than expected

Bay St. Louis may not be able to afford paving all the streets included in its 1988 Paving Project the city council learned at last week's meeting.

Mayor Victor Frankiewicz told the council it would cost \$296,000 to pave the streets included in the project, but the maximum amount available is \$250,000.

The council had originally hoped to pave most of the remaining unpaved streets in the city and several major arteries that need repair, but, due to unforeseen base work required to pave Old Spanish Trail, the cost is higher than expected.

"I am optimistic we will come up with the money somehow," Frankiewicz said.

Bridge accident hospitalizes two

BY D.C. HARVILL

Two women remain hospitalized following an accident Tuesday at the Henderson Point end of the Bay St. Louis Bridge.

John Mannion, 23, of Bay St. Louis was driving east in a 1986 Dodge Daytona about 5 p.m. during a blinding rain when a Ford Mustang driven by Kathleen Cooper, 20, of Gulfport, headed west apparently spun out of control crossing the median, crashing into his car and a silver Honda driven by Michelle Lewis of New Orleans.

Spencer is in stable condition and Bessie Cooper, a passenger, in her car, in good condition, both at Gulfport Memorial Hospital.

WHY PUT UP WITH THOSE OLD ACHES AND PAINS?

I JUST (OW!) TRY TO IGNORE IT!

I DIDN'T KNOW I COULD DO ANYTHING ABOUT IT...

I'M USED TO IT... SORT OF.

IT ONLY HURTS NOW AND THEN.

SUPERVISOR TRAINING—
Yvonne Montz of Waveland, supervisor for Christmas Around The World, a national Christmas decoration party plan company near Kansas City, Mo., has completed a three-day training course in management skills to introduce the company's 1988 marketing program. Montz, along with other supervisors, met in Biloxi to participate in a variety of training classes, discuss company programs and preview the 1988 product line. Montz recently moved to Waveland from Kenner, La. where she was a sergeant with the Jefferson Parish Sheriff's Office for 13 years.

THURSDAY, AUGUST 11, 1988-1B

THE WINNING CREW representing Pass Christian Yacht Club in Saturday's race of the 51st Annual Knost Regatta are, from left, Jennifer Peneguy, skipper; Shelley Killeen and Amy Schmidt. Bay-Waveland Yacht Club and Pass Christian each had a first and a second place but Gulf Yachting Association rules state, in the event of a tie, the boat winning the last race wins the regatta. Southern Yacht Club of New Orleans placed third.

Pass wins Knost Regatta

Pass Christian Yacht Club won the 51st Annual Knost Regatta held August 6 and 7 at Pass Christian.

Due to squally weather conditions which prevailed throughout the weekend only two races were sailed.

Pass Christian and Bay-Waveland Yacht Club each had a first and a second place, but Pass Christian won because, under Gulf Yachting Association rules, in a tie situation the boat that wins the last race

wins the regatta.

Pass Christian came in second on Saturday and first on Sunday so were declared the winners.

The first place crew for Pass Christian Sunday were Shelley Killeen, skipper; Shirley Gooch and Nicole Montagnet.

Pass's second place crew were Jennifer Peneguy, skipper; Shelley Killeen and Amy Schmidt.

The first place crew for Bay-Waveland were Elaine Egan,

skipper; Judy McKinney and Missy Breath. Their second place crew consisted of Missy Breath, skipper; Elaine Egan and Wezzy Kennedy.

Southern Yacht Club of New Orleans placed third in the regatta.

The Knost Regatta, named for Bernard Knost, a prominent businessman in Pass Christian in the 20's and 30's, is the only remaining regatta in the U.S. contested solely by women.

Wildcat gridgers report today

POPLARVILLE—Mike Nelson, head football coach at Pearl River Community College, expects 100 people to show up for fall football physicals at 3 p.m. Thursday, Aug. 11 at the Cornerstone center in Picayune.

The squad will get right to work the following morning, as the Cats run for time and take strength tests during player evaluation, beginning at 8 a.m.

Regular practice sessions will begin at 3 p.m. that afternoon, with the players dressed out in shorts and shoulder pads. Full-equipment workouts will begin at 8 a.m. the following Monday.

Nelson, who must trim his roster to the state required 55-player limit by PRC's opening game against Itawamba at home Sept. 3, hopes to have the group down to 65 players during the first week.

The fourth-year PRC head coach said that when the final roster is made up, he will field between 36 to 39 freshmen this year.

"We've got a lot of question marks," he said.

The defense will have the majority of the experience, with five returning starters—all state outside linebacker Greg Necaise, defensive ends Jerry

Geathers and Anthony Bowie, strong safety Chris Bates and free safety/cornerback David Johnston.

Fortunately for the Cats, what experience the offense has will be centered around the skill

positions. Starters including quarterback Scott Nease, running back Roland Johnson and wide receiver Nolan Booker, who played for PRC in 1986, will all return this season.

Lonnie Ray signs with DSU

Delta State University swimming and diving coach Lonnie Ray reports the signing of Lonnie Ray of Bay St. Louis to a national letter of intent.

Ray holds the Mississippi state record in the 100-yard butterfly and 100-meter freestyle.

He already has qualified for the YMCA Nationals and was selected to the state all-star team.

He has been the Starkville area's Golden Triangle Swim League Most Valuable Swimmer for the past two years.

He was selected to the Southern Zone team where he won first place in the 100-meter butterfly and broke the Mississippi state record in the 100-meter freestyle.

Textron Marine Systems wins USCG contract

Textron Marine Systems (TMS), Division of Textron Inc., was awarded a \$2.3 million contract for the detail design and construction of a U.S. Coast Guard 47-foot prototype motor lifeboat, John J. Kelly, TMS president, announced.

The contract also contains an option to order five additional motor lifeboats after completion of the prototype. These boats will replace existing 44-foot lifeboats that have been in Coast Guard service for more than 20 years. The Coast Guard plans to replace 100 of the older craft with the new motor lifeboat in future years.

The new 47-foot motor lifeboat features all aluminum construction. Textron Marine Systems has become recognized throughout the world as being among the top producers of aluminum-fabricated advanced marine vehicles for

commercial and military applications.

The Coast Guard currently has in service TMS-built aluminum hull surface effect ship (SES) patrol boats. Although the new 47-foot motor lifeboats will not utilize the air cushion feature of the SES, they will be built in the same tradition of superior quality which TMS has pioneered. The U.S. Coast Guard sees quality and reliability as a critical feature of the 47-foot lifeboat since they will be required to operate in very rough seas. The boats must be capable of sustaining a rollover, righting themselves within 30 seconds, and then continuing the mission.

The motor lifeboats will be built at the TMS modern, fully equipped production facility in New Orleans, La. Design activity will begin immediately with construction scheduled to start

in early 1989. The prototype will be completed in December 1989.

More commercial towing in emergencies likely under new Coast Guard rules

WASHINGTON—The Coast Guard, under intense pressure from Congress and boat owners, has modified a non-emergency towing policy that had left recreational boaters with little choice but to use costly commercial towage when their vessels broke down.

Under the new policy, Coast Guard officials will send a marine radio broadcast about a dis-

abled boat, giving Good Samaritans the chance to respond as well as commercial operators.

And if no one responds to the call within 10 minutes, or if the tow operator cannot be at the scene within one hour, then the Coast Guard Auxiliary would be dispatched, according to Coast Guard Capt. Ken Hollemon.

The Coast Guard held a series of public hearings to modify the policy then issued the long-awaited guidelines, according to The Associated Press.

In an action not necessarily connected with the recent public hearings on emergency towing, the Coast Guard's publishing of a Final Rule effective on Sept. 15, 1988 states that anyone wanting to engage in towing of disabled boats for financial consideration will be able to do so.

The only requirement is to have a Coast Guard license of any level, and an endorsement on that license for "Assistance Towing."

"Assistance Towing" is defined in the Code of Federal Regulations as "towing a disabled vessel for consideration."

This could mean using your own boat to bring in a disabled

sailboat stuck on a sandbar, or a motorboat that ran out of gas, and charging for the service.

To qualify, one must hold a license —motorboat operator, ocean operator, master or mate) and pass a written examination based on assistance towing safety, equipment and procedures.

There are no requirements for previous experience in this field, and there is no boat handling demonstration included in this exam.

While this prevents just anybody from engaging in this business until they have acquired this endorsement, it does open the door to independent small part-time operators.

The Coast Guard, due to recent budgetary constraints, has substantially reduced its role in routine assistance towing.

This has led to the creation of new businesses dealing with the towing of disabled vessels.

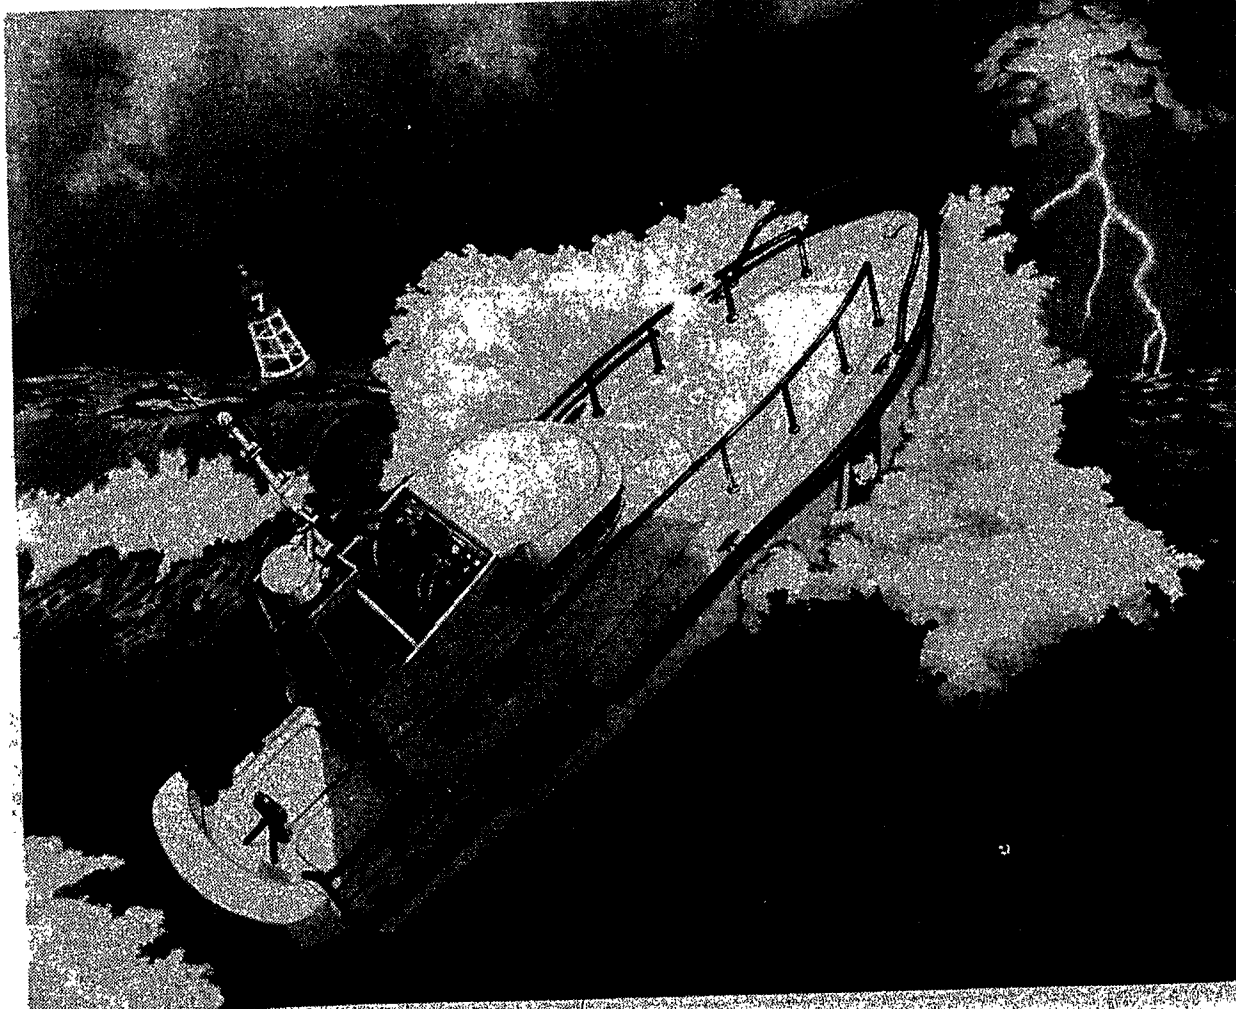

Sea School of St. Petersburg, Fla. will conduct series of one-day (or two-evening) prep courses to cover this specialized towing exam.

For information on the 'Final Rule' or the courses call 1-800-237-8663.

Empire South Pass Tarpon Rodeo plans underway

Plans are underway for the 1988 edition of the Empire South Pass Tarpon Rodeo scheduled for August 18, 19, and 20, with the Blessing of the Fleet scheduled for August 21 at Rodeo Headquarters in Buras, La.

Nearly 1,000 fishermen from throughout the Gulf South are expected to fish the waters of the Gulf of Mexico looking for a prize catch.

Well known as one of the premiere fishing rodeos in the waters of the Gulf of Mexico, the three day event offers top quality competitive fishing for both the amateur and professional calibre sportsman.

Fish eligible for trophies range from the mighty blue marlin, leaping tuna, racy sailfish, heavyweight tuna, to speckled trout and red fish.

A new tag and release division has been added this year. Besides becoming eligible for one of nearly a hundred beautiful awards, participants could also win the \$500 Grand Prize or one of two four day, three night trips to the Bahamas.

In addition to the great fishing for the anglers, a multitude of onshore activities and great Plaquemines Parish cuisine awaits rodeo visitors under the big tent at Rodeo Headquarters.

Live entertainment, games for the kids, boiled seafood, cajun food, beer, tako toddlers, fish exhibits, fresh seafood and a large assortment of food will be available. An award ceremony will be held Saturday evening under the tent.

On Sunday, the food and entertainment will continue as the Blessing of the Fleet takes place in the Buras Boat Harbor. Previously held in Bay Adams and accessible only by boat, this is the first year rodeo visitors will be able to witness the Blessing from onshore.

Rodeo Headquarters is located at the Buras Boat Har-

bor, 55 miles south of New Orleans on LA Hwy. 23.

A second weigh station is located at Port Eads at the mouth of the Mississippi River.

Tickets are available at area marinas and seafood stands or by mail by sending \$15 per ticket to Empire South Pass Tarpon Rodeo, 102 W. Cran Dr., Buras, LA 70041.

There is no admission charge to the rodeo headquarters at the boat harbor.

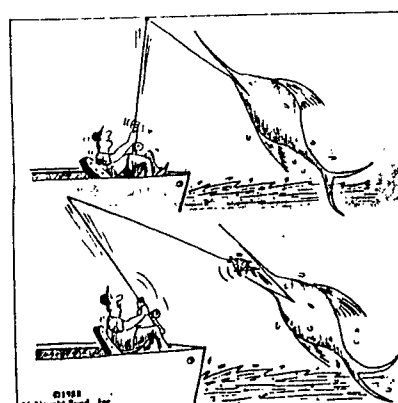

All proceeds of the fishing rodeo are donated to charitable organizations in Plaquemines Parish.

1988 Ole Miss Rebels

Wide receivers—life after J.R.

Ole Miss receivers coach Jody Allen will do all he can to make everyone forget about graduated star J. R. Ambrose, but that may be a tough task to handle.

"When you lose a J. R., you don't replace him," said Allen, in his second year as an assistant on the Rebel staff. "He was a great leader for us. We will be a group this year, that will be trying to find its own identity." Ambrose finished his four-year career at Ole Miss with 118 catches for a school record 2,012

yards and 13 touchdowns, also a school mark.

Willie Green (6-2½, 182) a junior from Athens, Ga., could well be the next Rebel receiver to stand in greatness. Green caught 34 passes last year, second highest on the team, for 588 yards and three touchdowns. He caught a 56-yard pass for a touchdown against Arkansas and had four catches for 111 yards against the Razorbacks. Green is 12th on the Ole Miss pass receiving yardage list with 810 career yards.

"He (Green) has worked hard this off-season," said Allen. "He seems to have settled down quite a bit and has been keeping his weight down. We are expecting him to have a solid year for us."

Daren Johnson (6-3, 182), a senior from Meridian, and Jeff Sarver (6-0, 180), a senior from Indianola, Iowa, will back up Green at split end. Johnson did not play much last year as he left the team in the middle of the season to concentrate on track and field.

Rebel coaches look forward to having Johnson back for a full season. Sarver played in one game last year and should back up admirably at split end. Jeffrey Holder (5-8, 170), a sophomore from Bay Springs, Miss., will also add depth at split end.

"There really is no proven depth but the ability is there that we need," said Allen. "We

just have to hope that they come through for us."

Bobby Martin (6-2½, 190) a junior from Laurel, will return at the flanker position. Last year, Martin started the first five games and played in four others. He caught 17 passes in 1987 for 196 yards. Against Memphis State, he caught five passes for 64 yards and earned Offensive Player of the Week honors.

"Bobby finished up the spring real strong," said Allen. "He is listed number one on the depth chart now, but he will be pushed hard by Reid Hines."

Hines (6-1, 180), will look to have an injury free season. Last year, he played in all 11 games and caught 11 passes for 92 yards. He was bothered by a knee injury last year which caused him to miss several practices. He caught six passes for 55 yards against Tennessee. The junior from Milton, Fla. had two grabs against Miss. State.

Pat Coleman (5-7, 170), a transfer from Mississippi Delta Junior College, will add more depth at the flanker spot. Coleman is the fastest of the wide receivers and gives the Rebels a deep threat for the upcoming season. He played running back in junior college and had to switch to the wide receiver role. He was the Mississippi Junior College Player of the Year last season while rushing for 1,502 yards. Camp Robert (6-1, 200), a sophomore from Marietta, Ga., will also add depth at flanker. "Since Coleman has never played in the wide receiver spot,

he'll have to learn from the beginning. He has all the tools and once he starts picking up everything, he'll be a big threat for us."

Two incoming freshmen could push for playing time in the first season. Glenn Brown (6-1, 180) from Englewood High in Jacksonville, Fla., and Sean J. Foster (6-1, 180), a transfer from Butler County Community College, have good speed and could see some action. However, said Allen, "When you are in the Southeastern Conference and you have to count on freshmen, you could be in real trouble."

Dove season set

JACKSON—Dove season, Mississippi's first hunting period, is just around the corner. And come this hunting period, some changes are in store for certain migratory bird seasons.

At a meeting of the Commission on Wildlife Conservation held at Leroy Percy State Park in late July, the five-member Commission approved the dove seasons for this year totaling 60 days.

Hunters again this year will be permitted a 15 bird daily bag limit with a possession limit of 30. No possession limit is permitted on the opening day of any season.

The Commission approved a three-way split season with the first hunting period opening Sept. 3 and continuing through Sept. 18. Dove season reopens Oct. 22 and continues through Nov. 12, reopening Dec. 25 and ending Jan. 15.

Hunters will continue to have a 15 bird bag limit. According to a spokesman at the Department of Wildlife Conservation, the Commission decided to keep the 15 bird daily limit until the results of a hunter survey is tabulated, since several survey questions relate to dove hunting.

Hunters will notice that the third dove season is somewhat later than previous years due to concerns expressed by dove hunters desiring the latest possible season dates within federal guidelines. For now the Commission decided to continue with all-day dove shooting.

Shooting hours this year will be one-half hour before sunrise until sunset. Conservation enforcement officials are reminding hunters that the mourning dove is a migratory bird and is protected by state and federal laws. Hunters should know that they must have their shotguns plugged and incapable of holding more than three shells.

Of course shooters must have a valid hunting license signed and on their person before going afield.

Other migratory bird seasons passed by the Commission include:

- Woodcock, Dec. 26 - Feb. 28
- Snipe, Nov. 14 - Feb. 28
- Gallinule, Oct. 15 - Dec. 23
- King and Clapper rail, Oct. 15 - Dec. 23
- Sora and Virginia rail, Oct. 15 - Dec. 23

Meanwhile the early September teal season that waterfowl hunters have enjoyed for years

has been discontinued this fall. The option was not offered to the states by the U.S. Fish and Wildlife Service due to depressed populations of blue-winged teal because of the drought on their nesting areas.

Sources within the Department say that the teal season is not gone for good in future years, only until the species population has recovered from record low levels.

"It should take a couple of years and good habitat conditions on the breeding grounds to get the population level back up," according to Seth Mott, chief of game for the Department.

The overall breeding population for blue-winged teal this year was 3.6 million birds. This level is similar to last year's but is the third lowest since 1955 and 20 percent below the 33-year average.

Mott said that the Fish and Wildlife Service hopes that restrictions on teal hunting will bring blue-winged teal numbers up to their goal of 5.3 million.

He said that the Service is forecasting an overall flight of all ducks this year at 66 million, the second lowest fall flight since 1955.

Paul inducted into MSU Arts and Sciences Honorary

George L. Paul of Bay St. Louis is among 15 students recently inducted into the Society of Scholars in the Arts and Sciences at Mississippi State University. Paul is a junior political science major.

The society seeks to recognize scholarship and promote interest in the arts and sciences.

Candidates are nominated by members of the College of Arts and Sciences faculty. A unanimous vote by the faculty selection committee is required for membership.

To qualify for nomination, a student must be at least a first-semester junior and have completed 12 hours of foreign languages, 12 hours of natural sciences and mathematics, six hours of social sciences, six hours of humanities, and nine hours of oral or written communication. Members are selected from any academic discipline within the College of Arts and Sciences, but the total number chosen each year cannot exceed 8 percent of the college's previous-year graduating class.

FOURTH AND SIXTH GRADE— Jacob Griffon, fourth grade, Heather Vrazel, sixth grade, and Vivian Brown, fourth grade, are winners of the Citizenship Award at St. Paul.

Maggio receives juris doctor

Samford University of Birmingham, Ala., conferred degrees on 792 graduates from 27 states and 11 foreign nations during May Commencement.

Stephen Joseph Maggio of Bay St. Louis received a juris doctor degree.

Zhang Haipeng, president of Anhui Normal University in Wuhu, Peoples Republic of Chi-

na, delivered the commencement address. Anhui and Samford cooperate in an exchange program through Samford's international studies division.

With 4,000 students from 43 states and 30 nations, Samford is Alabama's largest private university. Its Cumberland School of Law is the oldest west of the Allegheny Mountains.

Unique Ole Miss album paints musical portrait of Mississippi

UNIVERSITY—The unique images and feelings evoked by Mississippi have been captured in books, plays and movies. However, there has never

before been an effort to capture the diversity of Mississippi on a record album.

Such a musical portrait of the Magnolia State is now available

in the form of "Mississippi, This Is Your Song." The album (which is also available on tape) features 13 songs about Mississippi, all performed by Missis-

sippians and most written by natives of the state.

Most of the recording artists now live outside the state, but their love for Mississippi drew them to Nashville, where they contributed their talents to the album. Tupelo native Guy Hovis, Mary Ann Mobley of Brandon and Pontotoc native son Jim Weatherly flew in from California for an all-day recording session.

They were met there by Ellisville native Jeanine Ogletree Walker and McComb native Dan Tyler, both of whom are active on the Nashville music scene.

Greenwood native Dardanelle, now artist-in-residence at the University of Mississippi, and Tommy Tate of Jackson, through special arrangements with Jackson's Malato Records for which he is a staff writer and performer, added their vocal talents to the album later.

The album is the culmination of two years of work and planning, which began with an idea by Robert Khayat, vice chancellor for university affairs at Ole Miss.

"There has been some beautiful music written about Mississippi and some songs that are filled with emotion.

Some of it captures images and experiences that I recall about growing up in Moss Point, Miss. And all of it makes great listening," Khayat said. "I thought it was high time someone brought that music together in an album."

He shared that idea with Ole Miss alumna Jeanine Walker and her husband, Bill, during a

Hancock teacher Abrams retires

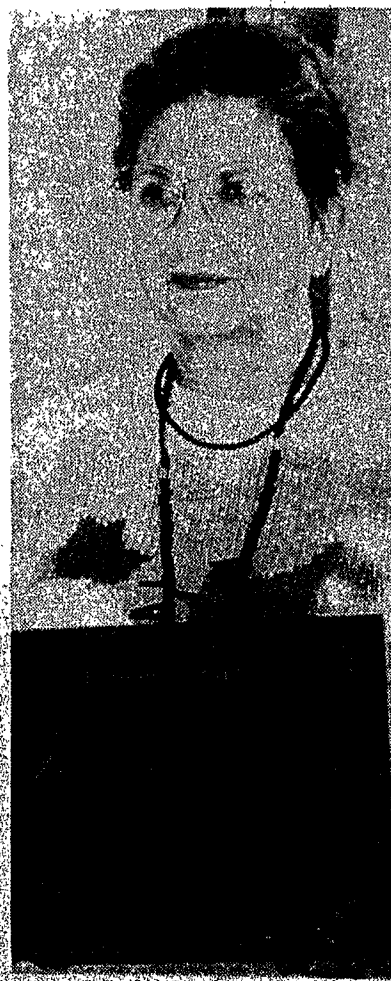

Mrs. Lois Abrams has retired from Hancock County Schools following 20 years of dedicated teaching, 12 of those with the county. She taught nine years in Natchez before moving to Diamondhead with her husband Lawrence. They have two children, a daughter in Washington, D.C. and a son in New York City.

Mrs. Abrams formed a learning disabilities class for Superintendent Terry Randolph in 1978, a year before it was mandated by the state of Mississippi.

She has a master's degree in social studies and special education for gifted and talented. She also has a Mississippi certification to teach students with specific learning disabilities and the emotionally handicapped.

Mrs. Abrams was honored with a plaque and a retirement reception by the staff at Hancock North Central at the close of the school year.

She stated, "I will miss the faculty at Hancock North Central. In my opinion, HNC has one of the most outstanding faculty and administration in the state."

YOUNG ARTISTS— A production entitled 'Children's Musical' was presented by children of Diamondhead recently for the Newcomers Association and for the Diamondhead Art Association. Participating are, top, Charlotte Reshew, writer and director; top row from left, Leanne Bennett, Cedric Tasselin, Charlie Nelson; bottom row, Adam Bennet, Mimi Prats, Sheryl Tasselin and Scott Wallace. Both performances were well received, and the Diamondhead Art Association recognizes these talented youths for their contribution to the multi-faceted art forms that they represent.

visit to Nashville.

Both have extensive experience in the recording business—Jeanine as a singer and Bill as a producer, arranger and conductor.

To Khayat's delight, they thought a Mississippi album was a great idea and volunteered to help make it a reality. Khayat then decided the album could serve a dual purpose and financially aid Ole Miss. If performers would donate their talents and other ways could be found to keep costs at a minimum, the profits from the sales could go to University needs.

It took a lot of work turning this unique fund-raising dream into a reality but it was a labor of love for all concerned.

"This album was produced by the University of Mississippi Foundation and performed by Mississippi artists as a gift to the people of Mississippi," Khayat says with pride.

"Their backgrounds and reactions may be diverse, but Mississippians are bound by a common thread: their unyielding love for their state," Khayat observed. To create the album, he turned to Mississippians who are entertainment professionals and who share that love. Naturally, many of them have Ole Miss ties.

Alumni like singer/songwriter Weatherly (who has written more than 500 songs, including "Midnight Train to Georgia"), former Miss America and entertainer Mobley and "Lawrence Welk Show" star Hovis immediately came to mind and agreed to donate their talents as soon as they were asked.

Alumnus Rush Hicks, now an entertainment lawyer in Nashville, helped in getting all the publishing companies to waive payment for performing rights.

Hicks also contacted Tyler, a songwriter and music publisher in Nashville, who agreed to record a song he had written, "Old Southern Memories."

"Jim Weatherly had some songs he had written about Mississippi, like 'Rebel Keeps On Rolling' about a train that had a regular route through the state, and 'Misty Mississippi Morning.' Guy wanted to record some of Jim's music, like the title song for the album," Khayat recalled.

"Mary Ann wanted to do the 'Trilogy' that included 'Dixie' and 'Miss the Mississippi and You.' Then 'Big River' debuted on Broadway and gave us such

great songs as 'Muddy Water' and 'River in the Rain.'"

On Jan. 20-22, 1988, the five alumni gathered at Young'n Sound in Nashville to rehearse and record. Bill Walker—who wrote all the arrangements and also played on the album—was there, along with a full orchestra, supplemented by banjo and harmonica players. With the exception of studio rental and the studio musicians, all talents were donated.

"The studio musicians came up to me and said we had a winner," Khayat recalls. "They record daily, and each commented that most albums have only a few good songs, with the rest mediocre, but that every song on our album is a good one."

Dardanelle later sang and played vibes for "Moonlight Mississippi." Khayat had wanted "Roll On, Mississippi" and "Mississippi Cotton Picking Delta Town" on the album; and, after hearing a recording by Tate knew he'd found the perfect artist for these. Malaco Records head Tommy Couch arranged for Tate to add his talents to the album.

Walker supervised the mixing, and the album was complete. All that was missing was an album cover and liner notes.

Again, the Mississippi album utilized Mississippi talents. Mary Jarvis of Oxford, a member of the Ole Miss publications staff, designed the cover, using several photographs by Franke Keating of Greenville.

Jan Humber Robertson, a native of Clarksdale now news coordinator with the public relations department, wrote the liner notes.

"I've tested this album on 15-year olds and 77-year olds and folks in between and the response has been unanimously favorable," Khayat reports. "There's something on there to appeal to every musical taste."

Both the album and cassette cost \$9.98. Mail and phone orders should include an additional \$2 for shipping and handling.

They can be paid for by check or by American Express, MasterCard or VISA. (Credit card orders should include the card number and expiration date.)

To order by phone, call 1 800-451-3911 (in Mississippi) or (601) 234-9609. Mail orders should be sent to Mississippi Song, P.O. Box 151, Jackson, MS 39205. Allow three weeks for delivery.

YOUTH HELPERS for Vacation Bible School held recently at First Baptist Church in Bay St. Louis include, front, from left, Vicki Reid, Susie Moran, Kristin Reynolds; rear, from left, Brennan Compretta and Trent Favre. (Echo staff photo by D.C. Harvill)

Eastover introduces birthday CD

As a special way of celebrating its second birthday as Eastover Bank For Savings, the bank has introduced a new Certificate of Deposit that is the first of its kind in Mississippi, according to bank officials.

The Eastover Bank "Birthday Bonus C.D." offers an interest bonus based on the age of the individual customer, according to Sammy G. Robbins, president.

"A customer who is 45 years old, for example, would receive our already competitive interest rate plus an additional .45 percent bonus. A customer aged 65 would earn an additional .65 percent bonus. The higher the customer's age, the larger the interest bonus."

Eastover Bank is offering this CD for a limited time as a special way of showing appreci-

ation to its communities and customers, Robbins said.

"In February and March, we expressed our appreciation by supporting our hometown businesses with a 4.9 percent 'Spend It At Home' Loan. This is a 'Save It At Home and Earn More' idea."

"The success we have enjoyed this past one year is a direct result of our customers' support, and we feel this is a unique way of saying 'Thank you' to Bay St. Louis."

Robbins said the offer applies only to new or renewing CD's with maturities of between seven days and one year, and added that customers should bring an I.D. or other proof of age to obtain the special CD.

Eastover Bank has assets in excess of \$500 million and operates from 38 offices across the state.

Salvant, Thaxton to attend Miss. School for Math, Science

One hundred thirty-five students have been accepted as members of the fall 1988 class for the Mississippi School for Math and Science. These students, all of whom will be eleventh graders, comprise the inaugural class for the residential high school.

Local students accepted include Bryan Stephen Salvant of Pass Christian High School

and Anthony Wayne Thaxton of Pearl River Central High School.

The school, located on the campus of the Mississippi University for Women in Columbus, is planning a fall opening.

Selections were made on the basis of academic achievement, interest in mathematics and science and leadership abilities.

Foreign language teachers offered Rockefeller grants

The Rockefeller Foundation has recently announced the continuation of its Fellowship Program for School Teachers of Foreign Languages. Now in its fourth year, the project awards \$4,500 each to 100 teachers for eight weeks of summer study in the United States or abroad. The foundation has now committed a total of \$2.1 million to this effort to broaden faculty members' cultural and linguistic contact with the language

they teach. Applications for 1989 are now available.

All foreign language teachers who meet the eligibility requirements will be considered.

The deadline for submission of completed applications for summer 1989 fellowships is October 31. Applications and more information may be obtained from Mrs. Helen Currie Caire, 1020 West Beach, Pass Christian.

Diamondhead Little School ends pre-school year

Closing ceremonies for the Diamondhead Little School were held in the sanctuary of the Diamondhead Community Church. The six members of the first year class sang two songs, 'Itsy Bitsy Spider,' and 'The Three Little Ducks.'

Two students received perfect attendance awards in addition to the class certificates given to all the class, including Jessica Fox, Bryan Barnes, John Appell, Josh Dollar, Natalie Mitchell and Ryan Chotto. The second-year class sang

'Five Little Monkeys,' 'In A Cottage' and 'His Banner Over Me is Love' in addition to showing

everyone the sign language they have learned. All 10 students received certificates and have 'graduated' to

kindergarten.

The first-year class is taught by Carol Prats and the second-year class by Anita Montgomery. Information about the Little School may be obtained from Anita Montgomery, coordinator, at 255-3209.

New twists to carbonated milk

By Sean Adams

Cows have seen many things happen to their milk over the last 100 years. It's been bottled, pasteurized, homogenized, fortified, skimmed, powdered and flavored, to name a few.

Now, carbonated milk drinks are being developed for the market. U.S. Department of Agriculture scientists are finding new ways to make drinks using powdered milk and filtered apricot juice.

"We made them in the laboratory and they need to be improved for commercial sales, but they taste great," says USDA's Ranjit S. Kadan, who developed them. "You get that tingling, refreshing sensation of carbonation that you get in soft drinks, and you're also getting calcium protein and vitamin C from the milk and juice."

He adds: "Carbonated milk would be a big help for children, who need calcium to develop their bones."

Kadan, a food technologist for USDA's agricultural Research Service, makes the drinks by bubbling carbon dioxide gas through a mixture of water, powdered nonfat dry milk, flavoring or apricot juice and other ingredients.

The mixture is kept under pressure and bottled right away so the carbonation doesn't escape.

In tests last year, Kadan made a strawberry-flavored milk that stayed fresh up to six months under refrigeration. His milk-and-juice drink lasted two to three months.

"We've shown that you can make a carbonated drink in which the powdered milk stays suspended and doesn't separate

in the mixture," Kadan says.

"Commercial companies would have to refine the process and add other flavors before you'll find it in the supermarket."

Kadan used strawberry flavoring he bought in a local supermarket. The apricot juice was filtered using processing methods adapted by Charles C. Huxsoll and colleagues at the USDA agency's Western Regional Research Center in Albany, Calif.

Hopefully, Kadan says, carbonated milk beverages will spur consumption of milk. Between 1975 and 1985, per capita milk consumption in the United States dropped 12 percent, according to the Milk Industry Foundation's 1987 Fact Book. During the same time, per capita consumption of soft drinks increased 68 percent.

This means that milk, a valuable source of calcium is being underutilized. A cup of two-percent milk contains 297 mg of calcium—more than one-third of the recommended 800 mg per day for adults and young children. Most soda contains no calcium.

Aside from its nutritional advantages, Kadan says, carbonated milk also would help spur commercial use of powdered, or nonfat dry milk. The federal government buys surplus nonfat dry milk, American cheese and butter. Last year, the powdered milk surplus was 556 million pounds and is estimated at 400 million to 600 million for 1988.

"If your new drinks captured three to five percent of the carbonated drink market, they could wipe out the powdered

milk surplus," says Kadan. That would be good news for

consumers and taxpayers alike, he feels.

Free and reduced price school meal guidelines reported

The State Department of Education and local public school districts, private schools and child care centers have reported the United States Department of Agriculture income guidelines for free and reduced price meals served under the School Lunch, School Breakfast, Food Distribution and Child Care Food Programs. Families with children in any of these facilities, who are unable to pay the full price of the meals are encouraged to apply for benefits.

Among districts reporting the guidelines are Hancock County School District, Bay St. Louis-Waveland School District, Bay Catholic Elementary, St. Clare School, and St. Stanislaus School, all in Hancock County; and Pass Christian Public School District and St. Paul Interparochial School, both in Pass Christian.

Applications and instructions for applying, will be sent home with each student during registration or on the first day of school.

To apply for the meal benefits, households should fill out the application and return it to the school or center. Additional copies of the application are available at the administrative office of each facility.

For the school/center officials to determine eligibility, the household must report income information or provide a food stamp or AFDC case number.

If the child receives AFDC payments, or is a member of a food stamp household, the parent or guardian only has to provide the name of child, food stamp or AFDC case number, and the signature of the parent or guardian.

Other applicants must report the total household income and the amount, and the source of income received by each household member.

In order for income applicants to be approved, the household must also provide the following on the application: the names of all household members; the social security numbers of all adult household members or an indication that the adult does not have a social security number; and the signature of an adult household member certifying that the information provided is correct.

The information provided by the household is confidential and will be used only for purposes of determining eligibility and verifying data. The information provided may be verified at any time during the year by school/center or program officials.

Households are required to report increases in household income of over \$50 per month of \$600 per year and decreases in household size.

Also if a household member becomes unemployed, or if the household size increases, the household should contact the school.

Such changes may make the children of the household eligible for reduced price or free meals if the household's income falls at or below the levels

shown in the income scales.

Households may apply for benefits at any time during the year as circumstances change.

In certain cases, foster children are also eligible for meal benefits. If a household has foster children living with them and wishes to apply for meal benefits for them, the household should contact the school/center for more information.

Each school/center has a copy of the approved free and reduced meal policy.

The policy indicates who is responsible for determining eligibility.

The determining official is in most instances the principal, the food service supervisor, or the center director.

SOAP BOX

"Gentlemen, start your racers," a starter tells 200 youngsters, ages 9 to 16, from 30 states and eight countries when the best-of-the-best converge on Akron, Ohio, for the 51st annual Soap Box Derby.

This race for the national championship in engineless, gravity-powered cars comes to Mississippi ETV at 2 p.m., Saturday, August 13.

"Soap Box Derby: An All-American Tradition" focuses upon the kids, their excitement, their hopes and their fun, as much as the race itself. ETV viewers can join the crowds cheering these boys and girls in a 90-minute sports exclusive.

Ole Miss names honor students

Three local residents were named to the University of Mississippi's Chancellor's Honor Roll for the spring semester.

A grade point average from 3.75 through 4.0 is required of full-time students carrying at least 12 semester hours for listing on the Chancellor's Honor Roll.

Members include John Edward Ladner of Bay St. Louis and Brian William Logan and Louis McCall Schruff of Pass Christian.

NEXT WEEK'S HOROSCOPE

Weekly Tip: Set aside time to do things with your mate.

Aries (Mar. 21-Apr. 19) Romance figures heavily in your social plans now. If things haven't been going well, they will perk up. If things have been okay, they'll get better.

Taurus (Apr. 20-May 20) The recent rest period you grabbed has left you feeling fresh and revitalized. Take on any new projects with confidence. Dress your best for office success.

Gemini (May 21-June 20) Review your assets and learn best where to conserve. Be reserved where social outings are concerned. Don't be too aggressive with family matters.

Cancer (June 21-July 20) Indulge in some private time where you can best learn a new direction for yourself. Offer your help to someone who needs it. Be wise and insightful.

Leo (July 21-Aug. 22) An independent thinker with new ideas will help you see your position from different angles. Be prepared for sudden and swift changes at your workplace.

Virgo (Aug. 23-Sept. 22) A recent upheaval has left you off-balance, but this soon passes and turns into a sea of calmness. Include yourself in some group athletics now.

Libra (Sept. 23-Oct. 22) Take good care of your body so that both your mind and physique are in good shape. Make decisions with conviction. Don't delay important meetings.

Scorpio (Oct. 23-Nov. 21) Attend social gatherings and family outings now. Be out and about, but be frugal. Don't get involved with unfriendly faces since they can't help.

Sagittarius (Nov. 22-Dec. 21) Many actions are pending your decision, so get cracking. People will be tugging on you for guidance and support. Romance plays heavily this weekend.

Capricorn (Dec. 22-Jan. 19) Make any improvements needed in your appearance, no matter what the cost. Keep your eyes and ears open; a new love is looming on the horizon.

Aquarius (Jan. 20-Feb. 18) People are apt to be critical of you now, but this will pass over shortly. Avoid the tendency to be vindictive concerning past skirmishes. Live for today.

Pisces (Feb. 19-Mar. 20) Enter into any new agreements with shining confidence. Disassociate yourself from people who are gossipers. Focus on self-improvement. Dress well.

If you were born this week, you are truly an asset to anything you become associated with.

Ole Miss sets fall registration Aug. 17-24

UNIVERSITY—When The University of Mississippi begins its 140th session with fall welcome, orientation and registration Aug. 17-24, students will find some pleasant

surprises in expanded services to enhance life at Ole Miss. For students' convenience, residence halls will be open for early check-in on Wednesday through Friday, Aug. 17-19,

8:30 a.m. until midnight. Check-in on Saturday and Sunday will be from 10 a.m.-midnight.

A Welcome Tent in the Lyceum Circle will be staffed from Friday through Sunday, Aug. 19-21, with faculty and staff members and students who will greet newcomers with a free soft drink and give information and directions.

New students who have attended a summer pre-registration conference need only check into residence halls,

from 10 a.m.-6 p.m. new student orientation will be underway with registration, issuing of ID card blanks, and other necessary business. All new students will begin meeting with their academic deans on Monday morning.

Registration and payment of fees for all students will be held from 9 a.m.-5 p.m. on Aug. 23-24.

Returning students will find a welcome surprise in ClothesLine, a new oncampus wash, dry and fold same-day laundry service. With drop-offs at many convenient locations on campus for both ClothesLine and drycleaning pick-ups, students should count on time saved.

The already-successful declining-balance money convenience service for students that works like a credit card in reverse has been expanded and given a new name—the Ole Miss Express.

The system, which will be encoded in a student's campus identification card, literally will allow a student access to everything necessary to live comfortably on campus without ever needing any cash.

A student who opens an Ole Miss Express account will be able to use his ID card for any-

thing from books and supplies to laundry and dry cleaning services, to meals, snacks, personal care and clothing items, concert and ballgame tickets.

For more information on the fall semester at Ole Miss, contact the Office of Admissions at (601) 232-7226 or toll-free in Mississippi, 1-800-222-5102.

BRAIN CHILD—Leanne Bennett, 12, of the Diamondhead area in Bay St. Louis, studies a live-sized model of the human brain during a laboratory session of the seventh- and eighth-grade psychology class offered in July by the University of Southern Mississippi Center for Gifted Studies. The center's new Summer Program for Academically Talented Youth also offered courses in expository writing and pre-calculus mathematics. The young students met the program's admission requirements by scoring higher than most college entrance requirements on parts of the SAT or ACT tests. Center Director Frances A. Karnes hopes to expand the program's course offerings next year. (USM Public Relations photo)

Mail-in registration for undergraduate or non-degree graduate students for Metropolitan College off-campus and sunrise courses will be accepted through Aug. 12.

New and returning students may, if they miss the mail-in deadline, complete registration for such classes in room 101 of the UNO Administration building from 5:30-7:45 p.m., as follows: Aug. 17, Pb-Z, A-Hl; Aug. 18, Hm-Pa. Continuing students missing the mail-in deadline must follow the regular on-campus registration procedures

outlined in the UNO Class Bulletin, available at the UNO Bookstore on campus.

Graduate students who have been admitted to UNO may register at any time during the three-day period, reporting first to the Graduate School office in room 205 of the UNO Administration building. To begin regular registration, undergraduates should pick up their registration packets before 3:30 p.m. at their respective colleges or division.

The final date to submit an application for admission for the fall semester is Aug. 16, except for those whose last enrollment was at UNO (straight re-entry students). Straight re-entry students have until Aug. 25. The final day of late registration for regular classes at UNO this fall is Aug. 26. A late registration fee will be assessed beginning Aug. 22.

For more information about registration, call the UNO office of admissions and records, 286-6595.

Bay-Waveland School District opening schedule announced

The Bay St. Louis-Waveland School District will open schools on Friday, Aug. 26 for the 1988-89 school term.

Registration for new students will take place during the regular office hours of 8 a.m. to 3:30 p.m.

Elementary students, K-4 who live inside the city limits of Bay St. Louis and outside added territory of the school district will register at North Bay Elementary School, Dunbar Avenue.

Elementary students in grades kindergarten through four, who are living inside the city limits of Waveland, will register at Waveland Elementary School on St. Joseph Street in Waveland.

All fifth grade students who live in the Bay St. Louis-Waveland School District will register at Waveland Elementary School on St. Joseph Street in Waveland.

St. Clare Elementary states opening

St. Clare School will begin its 25th school year on Monday, Aug. 22. The enrollment is the best ever, more than 350 students.

Both the principal and faculty will have several days of staff development prior to the opening of school. Among priorities for this year are improvement in teaching techniques in order to reach the higher and lower achiever, classroom management with expectations of positive motivation, curriculum improvement in math and lan-

All students in grades six through eight, who live within the Bay St. Louis-Waveland School District, will register at Bay Junior High School on North Second Street at Carroll Avenue in Bay St. Louis.

Students in grades nine through twelve, who live within the Bay St. Louis-Waveland School District, will register at Bay Senior High School on Blue Meadow Road in Bay St. Louis.

All students in grades kindergarten through twelve must have a birth certificate and a Mississippi Immunization Compliance form (blue slip). This blue slip may be obtained from the Hancock County Health Department on Dunbar Avenue in Bay St. Louis.

The school day for all schools will last from 8:00 a.m. to 3:00 p.m. School buses will run their regular routes. All school

cafeterias will begin serving breakfast and lunch on Friday, August 26, 1988. Breakfast charges will be: paid student, 45¢; reduced student 30¢; and adults 50¢. Lunch charges will be: paid student \$1; reduced student 40¢; and adults \$1.25.

Staff development and faculty orientation will be held for all faculty and staff on Tuesday, Wednesday, and Thursday, August 23-25, from 9 a.m. to 3 p.m.

Senior High

Bay Senior High School is in the process of expanding the present curriculum to meet the demands of today's high technology world. While the entire curriculum expansion will take several years to be fully implemented, fifteen new courses will be added in the 1988-89 school year.

The new courses to be added are Accelerated English I, Accelerated English II, Accelerated English III, Consumer Science, Applied Life Science, Advanced Biology, Geology, Astronomy, Geography, Psy-

chology, Spanish II, Public Speaking, Computer Literacy, Art I, and Fashion Merchandising.

Junior High

This year Bay Junior High School is going to a seven period day, instead of the six periods of past years. This will enable more courses to be taken by the

students.

Art and computer literacy are new subjects being offered. French and algebra will be offered again this year. Subjects being offered to students in all grades as electives include home economics, shop, physical education, band, chorus, and gifted studies.

Hancock County Schools set registration

New student registration for the Hancock County School District will be Aug. 15 and 16, 8:30 a.m. to 2:30 p.m. It is of the utmost importance that all new students in the district register to prevent delay on the first day of school.

In order for a child to be permanently enrolled, an original or certified birth certificate and Mississippi health compliance (blue or yellow slip) is required by state law.

Students entering kindergarten must reach their fifth birthday on or before Sept. 1, 1988, and students entering first grade must reach their

sixth birthday on or before Sept. 1, 1988.

Students who have completed the 1987-88 school year with the district are not required to re-register.

The 1988-89 school session for the Hancock County School District will begin on Monday, Aug. 22. This is the first day for all students.

School hours are: Charles B. Murphy, 7:45 a.m. to 2:40 p.m.; Gulfview, 7:45 a.m. to 2:35 p.m.; HNC Elementary, 8:05 a.m. to 3:15 p.m.; and HNC High School, 8:10 a.m. to 3:15 p.m.

Teachers, teacher aides and Chapter I assistants will report

to the school for which they will be working on Aug. 15. School Food personnel will report to Gulfview on Aug. 15. Transportation personnel will report to Hancock North Central on Aug. 18.

Lunches are: paid lunch \$1, reduced lunch \$.40, paid breakfast, \$.50; reduced breakfast \$.30; and adult lunch, \$1.35. Applications for free and

reduced price meals will be sent home with children on the first day of school to allow for the return and review of applications.

For a 10-day period, free and reduced price meals may be served to children from households with approved applications on file from last year. This includes new students in a school with older siblings who

were approved for benefits the previous year, and previously approved students who transfer from one school to another in the Hancock County School District. All other students are required to pay full price for meals.

Beginning Sept. 7 any student without an approved application on file will be required to pay full price for all meals.

Diamondhead Academy expands curriculum

Since it was founded four years ago, many improvements have been made to the original structure of Diamondhead Academy and its surrounding five acres. These include the addition of classroom space joined to the main building by a deck; improved playground equipment, and most recently a basketball court. A building fund is well established and plans are in the making for further enlargement of the physical facility.

This fall, the Academy plans to add computer education to the curriculum for all grades, kindergarten through sixth. Also, in addition to the work already being done by our certified PE teacher, the physical education program will be enhanced during the new school year. Specific weaknesses, such as lack of upper body strength, will be addressed by a professional and a specific program developed to help the children attain better physical conditioning in this area.

A Young Astronaut chapter will be installed at the Academy this fall. A NASA professional working at Stennis Space Center will be the chapter advisor.

The sixth grade students will continue to publish a school newspaper twice monthly and tentative plans are being made for the first yearbook to come out in the spring.

These examples illustrate some of the ways Diamondhead Academy is growing and developing and planning for a successful future.

Hancock Vo-Tech night class registration schedule announced

Registration for Pearl River Community College vocational night classes at the Hancock County Vocational-Technical Center at Stennis Air Park off Hwy. 603, will be held from 8 a.m. to 4 p.m. Wednesday, Aug. 17 and from 8 a.m. until 7 p.m. Thursday, Aug. 18.

The following vocational courses will be offered this fall:

Accounting I, Typewriting I & II, Word Processing (Appleworks), Word Processing (Words-tar), Air Conditioning and Refrigeration.

Also, Auto Mechanics, Carpentry/Cabinetmaking, Drafting, Electricity, Machine Shop and Welding (Combination).

Ole Miss records enrollment increase

Pass Christian Schools now accepting registration

LeRoy Lizana, superintendent of Pass Christian Public School District, announced that new students enrolling in grades K-4 may report for registration at the DeLisle Elementary or Pass Christian

Elementary Schools on any day, Monday through Friday from 8 a.m. to 3 p.m. New students in grades 5-8 should report to Pass Christian Middle and grades 9-12 to Pass Christian High School during the same hours.

Lizana noted that parents or guardians must accompany the students to the schools for registration. All students being presented for enrollment must have an official certified birth certificate bearing a state file number. State law requires that all students enrolling in first grade must be six years of age on or before Sept. 1, 1988. Kindergarten enrollees must be five before Sept. 1, 1988.

In addition to the birth certificate, all students must have a health certificate that was issued by the county health department or a physician. The health certificate will certify that the child is free of communicable diseases.

Those students who have a (blue card) immunization record on file in the school office will not be issued new cards by the health department for the 1988-89 school term. Parents are urged to check the school offices prior to the opening date to ascertain if their child's record is on file.

The first day for the 1988-89

school term will be Friday, Aug. 26. Lizana indicated that the regular class schedules will be observed on that day. All district cafeterias will be operating and the school buses will operate to transport all students who live one mile or more from the attendance center where enrolled.

Parents desiring additional information relative to the opening of school should contact the school office. All administrative personnel are on duty.

The 1988-89 school calendar for the Pass Christian Schools begins on Aug. 26 and ends on May 31, 1989. The calendar has 175 teaching days. The school year is divided into four academic nine-week terms. Semester examinations are scheduled for Jan. 11, 12 and 13, and final examinations are scheduled for May 29, 30 and 31. The last working day for teachers is June 6, 1989.

The school district will observe the following holiday schedule: Sept. 5, Labor Day; Nov. 24-25, Thanksgiving; Dec. 19-30, Christmas; Feb. 6-7,

Mardi Gras; March 27-31, Spring Holidays and March 24, Good Friday.

The school district has scheduled five district-wide staff development days for teachers throughout the school year. Classes are scheduled to be dismissed on the following dates during the 1988-89 school term for staff development: Nov. 23, Jan. 16 and Feb. 8.

PRC Vo-Tech classes meet Aug. 26

The Pearl River Community College, Hancock County Vocational-Technical Center, located adjacent to Stennis Airfield, is offering several Adult Evening Vocational and Technical courses during the Fall 1988 Semester.

Business and Office Vocational Courses will include Accounting I, Beginning Typewriting, Advanced Typewriting and Word Processing.

Trade and Industrial Courses include Air Conditioning and Refrigeration, Auto Mechanics, Carpentry/Cabinetmaking, Drafting, Electricity, Machine Shop and Welding.

Cost per course varies from \$45 to \$150 depending on course selection. Classes that develop will begin meeting the week of Aug. 22-26 and continue for 17 weeks with students meeting one or two nights per week, depending upon course selection.

Students may register any time Wednesday, Aug. 17 from 8 a.m. until 4 p.m. or on Thursday, Aug. 18 from 8 a.m. until 7 p.m. In the event ten or more students do not register and pay fees, the scheduled course will be cancelled.

For information contact the school at 467-3568.

USM Career Fair open to employers

HATTIESBURG—The University of Southern Mississippi Office of Placement Services will sponsor a career fair on the USM campus in September.

The Sept. 22 fair is designed to provide students with exposure to work opportunities offered by employers in the areas of cooperative education, summer employment, internships, part-time work and career employment, said Carl Lawrence, director of the Office of Placement Services.

Lawrence said he hopes many Mississippi employers

interested in hiring USM students and graduates will attend, along with major companies and corporations from both in and out of state.

There is no charge for prospective employers to attend the fair, Lawrence said, although they should contact the USM Career Employment Office by Aug. 18. Interested employers should contact Diane Turner at (601) 266-4130.

Coast Episcopal Elementary opens Aug. 24

The 1988-89 school year starts for Coast Episcopal Elementary School and preschool on Wednesday, Aug. 24, and students will attend half-day from 8:15 a.m. to noon.

Full day classes for elementary students start on Thursday, Aug. 25 from 8:15 a.m. to 3:30 p.m.

Coast Episcopal Elementary Principal Betsy Grant said she has spent the summer purchasing new materials and evaluating the educational programs of the elementary school. She said that changes in the curriculum and the addition of new faculty members will insure a very pro-

ductive school year.

In the upper elementary grades, language arts teacher Laurie Partin will use the great classics in children's literature to design individualized reading programs for students, said Grant.

Math is another subject area that has been redesigned after the teachers, including Ms. Priscilla Bell, attended a workshop in New Orleans in early summer, said Grant.

She explained that the major focus would be in problem solving by incorporating math into daily experiences in the learn-

ing process. math usage in other subject areas would also be highlighted, Grant said.

Dr. Tom Arceneaux has joined the faculty at Coast Episcopal Elementary School as social studies and science teacher after more than 20 years of teaching experience in Louisiana.

Dr. Arceneaux spent two years participating in the NASA Teacher in Space Program and will be using the many resources of the Gulf Coast and

the Stennis Space Center to make science and social studies a process of discovery, evaluation and appreciation of our world, said Grant.

Lower elementary teachers Carol Purcell, Gloria Vander Noot and Barbara Carubba have been planning, with their aides, ways to strengthen the curriculum and ways of implementing the new materials purchase for their classrooms.

With the start of school Coast Episcopal Elementary School will offer an extended care prog-

ram for students whose parents must work and need supervision after the regular school day. Extended care hours will continue until 6 p.m. every school year.

Ms. Grant said the applications for enrollment are still being taken and for more information call 467-5125 or 452-9442.

Coast Episcopal Elementary School is located at 912 South Beach Boulevard in Bay St. Louis behind Christ Episcopal Church.

Freshman, transfer orientation set at PRC

POPLARVILLE—Pearl River College's required orientation for freshman and transfer students will start at 8:30 a.m. Thursday, Aug. 18 in the Marvin R. White Coliseum.

According to Dow Ford, PRC's director of admissions, the orientation session is required before freshman and transfer students can register.

All students entering an academic or technical program must also have an American College Test (ACT) score on file prior to registering.

Students who have not taken the ACT can take the test on Wednesday, Aug. 17 at 8 a.m. in the Science Building Auditorium. To sign up for the test call the Office of Student Affairs at 795-6801 ext. 215.

Director Ford said that Pearl River will have a registration schedule to insure an orderly and fair registration system.

"We realize many of our students work and/or commute with other students," Ford said, "but, we will not be able to accommodate students who wish to register early."

Pearl River College workers, football players, band members, cheerleaders and String of Pearls will begin the fall registration Wednesday, Aug. 17.

That afternoon (Wednesday) sophomores will begin registering at 1 p.m. On Thursday, Aug. 18, registration will continue at 8:30 a.m.

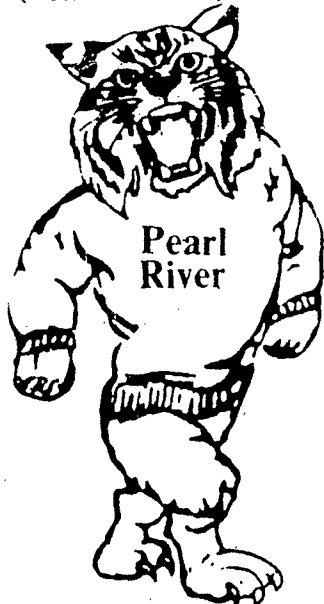

Freshman, transfer and former students will also begin registering on Thursday, Aug. 18 at 10 a.m. The 1988 fall semester registration for Mississippi's pioneer junior college will continue through Friday, Aug. 19.

Late registration and classes will begin Monday, Aug. 22. The commuter buses will run during the orientation session and days of registration.

OLA August

Our Lady Academy begins the school year in August. Final registration is from 9 a.m. to noon on Thursday, Aug. 11.

All students are to report to pick up schedules, pay fees, and pay the first month's tuition.

At 8 p.m., the Princess Shoppe Style Show will be held at the Pass Christian Yacht Club. New Teen Board members will be announced. Admission is \$5. Proceeds from the event will benefit Our Lady Academy.

Aug. 12, 15 and 16 are staff development days. One special workshop on Monday will be on stress management featuring learning to recognize the symptoms of stress in one's self and in students.

On Monday, Aug. 15 at 5 p.m. the school board will meet. Bernie Cousins of Pass Christian is president.

Major changes in the school over the summer include converting the blue house into a classroom with photographic darkroom facilities, enlargement of two classrooms, addition of another classroom, and creation of a small conference area.

The Freshman Class will number 45, the largest first year enrollment at OLA.

The school is filled to capacity and new students will be accepted as spaces become available.

Wednesday, Aug. 17 is the first day of School. Seventh grade students report at 8 a.m.

to Room 7 in the Wood Building and new students report to Room 5 in the Wood Building.

From 9 to 9:15 a.m. all students report to homeroom for roll call.

All students must bring their lunches on this day. Drinks will be sold. If a student does not have a problem with her schedule, dismissal will be at 2 p.m.

Thursday, Aug. 18 is a regular day of school.

schedule announced

Department of Education will host a Diocesan School Orientation at the Saenger Theatre in Biloxi from 9 a.m. to 1 p.m.

"Understanding and Implementing the Uniqueness of The Catholic School" will be the topic presented by Brother Robert J. Kealey, FSC.

On Saturday, Aug. 20 the OLA Student Council will sponsor a Back to School Dance at the Bay Catholic School Cafeteria from 8 p.m. to midnight.

Still to be scheduled are a Back to School Mass to be celebrated by Bishop Joseph Howze and parent meetings by classes.

Uniform styles remain the same. A new fabric for the skirts has been selected, however.

A maroon sweatshirt with

'Our Lady Academy' written in script and the school insignia replaces the variety of sweaters worn by the students.

Those students who did not obtain uniforms Aug. 5 can purchase the skirts and shirts from Jerome's on Main Street in Bay St. Louis.

Volleyball camp is planned Aug. 15 to 20. The district coaches are meeting to decide if volleyball will be a fall or spring sport. Coach Harry Hull is

adding cross country track this year. Soccer is in the planning stage to begin in November.

Each year Principal Sister Jacqueline Howard, RSM, selects a theme. This year her theme is "Building Bridges and Filling Gaps."

This theme will be used throughout the year for growth and a personal level as well as developing a sense of community.

Work has begun on the OLA sixth international Food Fest Oct. 8 and 9.

Grace Santa Cruz and Theresa Braud are co-chairmen.

Pictured is a collage from the 1987 event.

Food Fest is the only major fund raiser that Our Lady Academy holds each year to supplement the school budget.

UM Law School announces registration

UNIVERSITY—The University of Mississippi School of Law will open its 134th year on the Oxford campus on Monday, Aug. 22, with orientation for the entering class.

Dean Thomas A. Edmonds will preside at the 9 a.m. opening program for new students in the School of Education auditorium. Beginning at 8:30 a.m., coffee and doughnuts will be served in the auditorium lobby.

Following the orientation program, entering students will

meet in small groups with an upper-level student adviser and their assigned faculty adviser.

Registration and payment of fees for preassigned students will be on Monday, Aug. 22, at the Lamar Law Center. Students not preassigned will register on Tuesday and Wednesday, Aug. 23-24.

Classes begin on Thursday, Aug. 25.

For information, contact the Office of Admission, telephone (601) 232-7361.

Coast Episcopal High to begin classes Aug. 24

Coast Episcopal High School will hold its first day of school for the 1988-89 school year on Wednesday, Aug. 24 for all students enrolled in grades 7-12 from 8:15 a.m. to noon. A full day of classes is scheduled for Thursday, Aug. 25 and school hours are from 8:15 to 3 p.m.

"Coast Episcopal is a college preparatory school and our curriculum is designed to challenge the students to excel according to their interests and talents," said Headmaster Dr. Thomas Bates.

Members of the 1988-89 Coast Episcopal High School faculty include Linda McCulloch, assistant principal; Madelyn Taylor, Janet Young, S. L. Sabharwal, Reta Ridling, Karola Williams, Sandra Cazier, Bill Riggs, Kanta Sabharwal and Jo Mannino-Stajdel. New faculty members include Kyle Bennett and Charles Le Blanc.

Coast Episcopal High School is located on Espy Avenue in Pass Christian. For more information call 452-9442.

Hancock County Schools list improvements

Hancock County School District has taken steps for major improvements and additions to the system. At Charles B. Murphy, two classrooms have been added for kindergarten and first grade. Dropped ceilings and central air will improve classroom environment in rooms for grades 2-8.

At Gulfview Elementary a new paved driveway has provided a safe, convenient entry to the school, and a new eight-room kindergarten building is ready for teachers and students.

Other improvements include the installation of new gas heaters in classrooms and gyms at all three schools. New coats of paint brighten hallways, and classrooms and plumbing has also been improved.

Four new buses have been purchased so that the majority of Hancock County Schools buses on the road are 1980 models or newer.

Action is under way for clearing the site of the new school being built for grades 7-12 at Stennis Field. Projected opening date is December 1989.

School for Deaf registration slated

Registration for the 1988-89 school year, at the Mississippi School for the Deaf will be Aug. 29 and 30.

The Mississippi School for the Deaf is at 1253 Eastover Dr., Jackson.

MSD is a residential/day school for hearing impaired children, ages five through 21.

Both speech and sign language are taught in a total communication setting. No tuition is required.

Hancock County Schools welcome new personnel

Terry Randolph, superintendent of education in Hancock County Schools, states, "We

wish to extend a sincere welcome to all new employees to our school system as well as to

those who have been with us a while. We intend to make 1988-89 the best school year possible."

PRC academic night courses offered in Hancock

An organizational meeting is scheduled at 6:30 p.m. Tuesday, Aug. 23 at the Pearl River Community College Hancock County Vo-Tech Center for those who wish to enroll in PRC academic night courses.

The following classes will be

offered at the center this fall:

ENG. 1113, English Composition I; EPY 2533, Human Growth and Development; MAT 1233, Intermediate Algebra; and MAT 1313, College Algebra.

Certificate needed

Back-to-school bargain shoppers should remember the best value of all: immunizations.

Immunizations protect children against polio, measles, mumps, rubella, diphtheria, tetanus, and whooping cough. While vaccinations have greatly reduced occurrences of these diseases, the germs which cause them are still around and can attack unimmunized children.

The Mississippi State Department of Health reports that school children starting kindergarten or first grade for the 1988-89 session must have a blue Certificate of Compliance for Proof of Immunization and a birth certificate.

Immunization compliance forms and birth certificate application forms are available from the Stone County Health Department. Only children enrolling in school for the first time, kindergarten, first grade, or from a non-Mississippi school system will need the Certificate of Compliance. Currently enrolled students in grades two

through 12 already have valid certificates on file.

The department advises birth certificates may be obtained by writing the State Department of Health, Jackson.

Phillips to register

Registration is now underway for classes scheduled to begin August 29 at Phillips Junior College. Fully accredited by the both the Southern Association of Colleges and Schools and the Association of Independent Colleges and Schools, Phillips offers two-year degrees in eight business and technical fields, including secretarial, electronics, legal assisting, medical assisting, business management, accounting, data processing and travel and tourism.

Interested persons may contact the Admission Office at 896-6465 to arrange a private tour of the campus and to answer all questions.

At Gulview Elementary, Donald North will assume responsibility as principal for the 1988-89 school year. Mr. North was a principal in Yazoo City for 18 years and an employee of that system for 21 years. Other new personnel include Robert Davis in special education, Susan Genin in kindergarten and Patricia Harris in 7-8 math.

At HNC Elementary, Betty McLeod will be the assistant

principal. She worked as Chapter I director in Greene County the past 12 years. Others include Patty George in third grade, Betty Reddock in second grade, Robin Robertson in third grade, Norma Lenski in EMR, Debbie Robbins in the gifted program and Patty Spiers as nurse.

HNC High School and Junior High welcome Margie Wood, Beth Mestayer and Beth Johnson in special education, Don Wood in seventh math and Donnie Gholston in seventh English.

Charles B. Murphy Elementary welcomes Cynthia Ladner

in first grade, Ron Murray in seventh grade, Pamela Pickering as a student teacher, Tracy Riley in third grade, Eloise Smith in first grade and Lillian Bryan in sixth grade.

Jo Jenkins will join the central office staff as psychometrist, providing testing for special education students in Hancock County District and Bay St. Louis.

Other new personnel will join the school system pending board approval.

For children headed back to school

Mind and heart open to learning more important than new pencil box

By Dr. Roger Oge
Bay-Waveland
Superintendent

These are very busy days for parents as you adjust to the opening weeks of school.

There is registration for some, shots (never popular), new clothes and school supplies (very popular), car pools, bus schedules, etc., etc.

In the midst of all this activity, we hope that you will take a few minutes out of your hectic schedule to sit down and discuss with your child perhaps the most important early preparations you and your child can make this school year.

A few suggestions:

1) School is more than important, it is vital to all that your child will decide to do with his/her life.

The better the education, the more life choices your child will have from which to choose.

Encourage your child to accept the challenges of the

"hard" courses, the fuller schedule, and the more demanding teachers.

Encourage your child to strive for excellence. To do so says to your child, "I have confidence in your ability to achieve; you can do so much more than you may think that you can do."

2) Honor your teachers. Almost all teachers deserve to be honored and appreciated for themselves, their scholarship, their personal achievements, and their willingness to share everything they are and know with the students. Even the less than ideal teacher's position should be honored.

Children who are prepared to express respect for their teachers are teachable. No matter what their natural capacities are, children will do better and go further if they bring a spirit of cooperation to school.

One explanation for this is that teachers don't teach, but rather children learn. A child

who has an adversary relationship with the teacher (sees the teacher as the enemy) has a negative attitude that blocks communication between teacher and child.

Although the child is capable of learning, progress is greatly hindered by lack of trust and communication. Believe us—teachers, parents and children are all on the same side! Your teachers wish for your child the very best that he/she can be or do.

3) The opinions of your child's actions/attitudes: urge your child to never do anything because "my friends told me to do it." Give your child the confidence and strength to stand up for his/her personal high standards. Your child can do so if he/she knows that wherever he goes, whatever he does you are firmly standing behind holding the line.

Lastly, please remember that it is not the job of classroom

teachers to raise your child. It is the parents' duty to help us instill a sense of responsibility in your child. Teachers cannot do it by themselves. We must all work together to enable your child to become Mississippi's most important natural resource.

Through the years we who are classroom teachers have noted that students who come prepared to get along with their teachers, to eagerly participate, to be responsible about school requirements, and to get everything they possibly can out of school benefit enormously. We

would wish nothing less for your child.

A child in whom his parents have instilled confidence is not afraid to try. With loving support from both home and school that child will build self-esteem and will go from success to success. There is nothing more exciting than working with students who believe that they can whip their weight in wild cats!

Please continue sending your child armed with not only new pencils and a purple knap sack, but also with a mind and heart open to learning and excited about the prospect!

New school policies instituted at Alcorn

Effective with the fall 1988 semester, all students who expect to receive financial aid to attend Alcorn State University must have all financial aid materials in the Financial Aid Office and must have received an award letter from the Financial Aid Office stating the amount of funds they will receive before being permitted to live in a university residence hall.

Any difference in the amount received on the award letter and the amount needed to register must be paid at the time of registration, stated Dr. Malvin Williams, dean of Academic Affairs.

Previously enrolled students must clear their balances with the university or work out a payment plan with the Business Office before registration. Students who fail to comply with this requirement will not be allowed to register.

Students receiving financial aid whose award letters indicate less than full aid will be required to pay a non-refundable \$100 deposit before entering the residence hall.

Students not receiving financial aid will be required to pay a \$200 non-refundable deposit before entering the residence hall. All deposits will serve as cash payments toward the registration for students living in university residence halls.

Tuition for full time boarding in-state students for the 1988 fall semester is \$1,650 and \$775 for commuting in-state students. Tuition for full time boarding out-of-state students is \$2,241 and \$1,366 for commuting out-of-state students.

Pre-registration at the Alcorn State University Division of Nursing in Natchez will continue until Friday, August 12. The ASU Division of Nursing is located at 500 Beltline Highway, Natchez, Mississippi.

Dormitories will be opened for freshmen for the fall semester at Alcorn State University on Sunday, August 28. Orientation will be held August 29-30.

Fall registration for freshmen, transfer and graduate students will be held on Thursday, September 1. Upperclassmen registration will take place on Friday, September 2.

Registration for the fall semester at the ASU Division of Nursing in Natchez will be held on Wednesday, August 31. All classes will begin on Tuesday, September 6.

"We hope that these new guidelines would help students register at Alcorn rather smoothly," said Dr. Williams.

For more information, call the Office of the Dean of Academic Affairs. The telephone numbers are 877-6142 and 877-6143.

Business technology training courses offered at Hancock County Vo-Tech Center

Classes will begin on August 22 for individuals who enroll in full-time college level Business Technology Training at the Pearl River Community College Hancock County Vocational-Technical Center located adjacent to Stennis International Airfield.

This year's program has been updated to provide the student the opportunity to receive increased training in various facets of computer usage. Short-hand has been deleted from the Business Technology Program, and in its place two new and challenging courses have been added.

The first addition, Informa-

tion Processing I, will add to the students' understanding and knowledge of basic computer literacy and also give the student an environment in which to develop extensive skill using database, spread sheet, and basic computer programing.

These skills incorporated with the program's existing work processing training will tremendously add to our students' employability. A second new program course, Professional Development, has been added to aid the students in acquiring much needed human relations skills.

Students will attend class for

eighteen hours per week. Individuals who satisfactorily complete the two-semester (nine-month) program will be awarded a Certificate of Proficiency during annual graduation exercises in May at the Main Campus in Poplarville.

Graduates will be qualified for employment as secretaries, word processors, or other gener-

al office positions. Students may also transfer hours earned at the Hancock County Center to the Main Campus in Poplarville and complete the required coursework to receive the two-year Associate Degree.

The Business Technology curriculum includes the following courses: typewriting (two

semesters), business English, business mathematics, business communications, introduction to accounting, office procedures, machine transcription, records management, professional development, information processing, and word processing.

Individuals interested in the Business Technology Program should contact the Hancock County Vocational-Technical Center as soon as possible. Financial aid is available for students who need help in this area. For further information, call the Hancock County Vo-Tech Center at 467-3568.

PRC academic night courses listed

POPLARVILLE—There will be an organizational meeting at 6:30 p.m. Tuesday, August 23 at the Pearl River Community College Hancock County Vo-Tech Center for those who wish to enroll in PRC Academic night courses.

The following classes will be offered at the Hancock Vo-Tech Center this fall: ENG 1113, English Composition I; EPY 2533, Human Growth and Development; MAT 1233, Intermediate Algebra; and MAT 1313, College Algebra.

County commits to full school days

The Hancock County School District announces that no longer will the district have 60 percent off half-day school days.

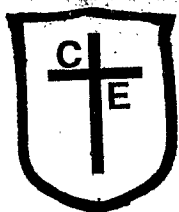

Each school in the district will provide a minimum of 175 full instructional days per year.

The school district is committed to seeing that each student

is provided the minimum of 175 full instructional days and every effort will be made to insure the students receive the maximum benefit in terms of attending classes and receiving the ultimate instruction available.

The State Board of Education now requires that all seniors are provided at least 175 days of instruction.

During the 1988-89 school year, seniors must be treated as any other student regarding the number of instructional days made available to them by the school district.

\$70,000

David A. Treutel Jr. will chair the 1988 Hancock County United Way campaign. A goal of \$70,000 has been set by the Board of Directors, according to Charles B. Benvenuti, president.

Treutel, vice president of Treutel Insurance Agency Inc., served as co-chairman of the 1987 campaign and directed the small business segment. Chairman was Lonnie Clayborn, manager of Sears Catalog Store.

This year's goal represents a \$5,000 increase over the 1987 collection.

"The United Way is one civic organization where local contributions go directly into the community," Treutel stated. "Other charities are certainly worthwhile, but funds are diluted into the national offices. All of our dollars stay in Hancock County."

Nineteen agencies are currently supported by the Hancock County United Way.

Adults expect normal 15-year-olds to be preoccupied with computers, wheels and teenage girls. Bourgeois, son of Jerry and Imogene, by his own admission, "he differs from most kids," he says.

Kevin, whom his mother describes as the "self-proclaimed manager," admits he's not really available to be a delegate," he says.

"I really became interested in politics when I started watching political campaigns on TV. Politics is a lot different than what I was taught in school," he says. His real political education accompanied his mother's trip to Washington, D.C., where he accompanied her to the White House and the Lincoln Memorial.

"During the convention, Dukakis headquarters, we had done so much for me. They had me out of their deficit, could maybe do the same for me. Kevin is less than star. Reagan has done as much as I can do. Now, I think I have a chance to show while working at the..."
